THE RIGHT TOOL.
WITH THE RIGHT SUPPORT.
FOR THE RIGHT FIX.
RIGHT AWAY.

APOLLO-D9™

2008 Toyota Rav4 3.5L V6 MFI (2GR-FE)   14.1 V   07:09PM

The APOLLO-D9™ Driven by Intelligent Diagnostics from Snap-on®

Snap-on®

ID INTELLIGENT DIAGNOSTICS ™

THE SUPER-FAST, SUPER-SMART, SUPER-EASY SUPER TOOL.

Your job calls for having all the right answers every time you make a repair. But for that, you need the right diagnostic tool—from a company you can trust.

The APOLLO-D9 provides the information and resources you need to get the job done. It even gives you access to Intelligent Diagnostics from Snap-on—for filtered codes and vehicle-specific data to help you find the right fix fast.

No more hunting through forums or endlessly searching to find the right answers. No more wondering which fix is the right one for the job at hand.

Everything you need, and nothing you don't. For *that* specific issue on *that* specific vehicle. All right there, when and where you need it.

Hardware
The best tools help you get things done instead of getting in your way. Designed to withstand the rigors of the shop environment, the APOLLO-D9 features a sleek, sophisticated design, with a four-way thumb pad for quick navigation, a 9" capacitive color touchscreen display for improved readability and 5 GHz wireless compatibility for more productivity in the bay.

Software
You're too busy to keep switching back and forth between resources to find the information you need. The APOLLO-D9 offers advanced graphing features and OEM-level data, with up to eight live data parameters onscreen at a time—plus access to all data parameters when you need them, ensuring a seamless workflow.

Experience-Based Software
Working smarter means getting answers faster than ever, without unnecessary information stealing focus from the job at hand. Intelligent Diagnostics on the APOLLO-D9 simplifies your workflow, with SureTrack® delivering verified parts replacement records and Real Fixes—along with Smart Data for relevant vehicle and code-specific PIDs and access to prefiltered functional tests to verify repairs.

Unmatched Customer Support
All the intelligence in the world means nothing if it isn't easy to use. The APOLLO-D9 comes standard with industry-best Snap-on® Customer Care, plus 24/7 online training and support, industry-focused national online training, flexible financing, and exclusive access to the Snap-on® Cloud.

# IN A WORLD OF HAYSTACKS, BE THE ONE WHO FINDS THE NEEDLES.

Driven by Intelligent Diagnostics from Snap-on, **the APOLLO-D9** saves you time by filtering a universe of data and guiding you directly to the answers you need — so you can find the right fix every time.

Bringing greater focus to every repair and greater efficiency to you and the shop. With features and advantages you'd otherwise expect only from a more advanced diagnostic tool.

Intuitive Start Screen
The Intelligent Diagnostics landing page shows you a comprehensive view of a logical diagnostic workflow, guiding you through the repair you're working on and avoiding unnecessary steps along the way — all on a single screen.

Top Repairs

Graphical display of the specific parts and procedures most frequently used at a specific mileage to fix the selected code

Technical Service Bulletins

Up-to-date, one-click access to relevant vehicle and code-specific OEM TSBs
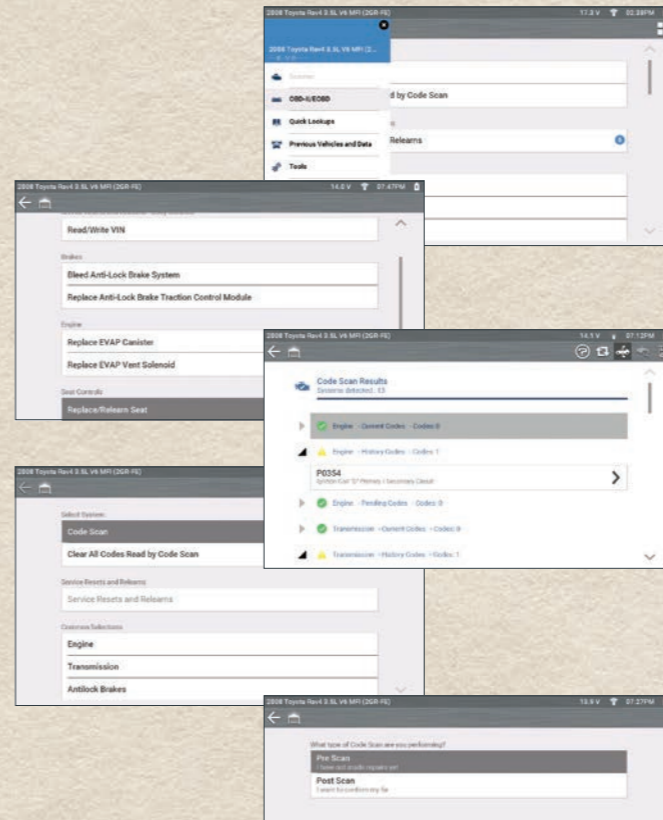

Smart Data

Relevant PIDS for the specific vehicle and code, highlighting those out of expected range

Functional Tests

Access to a pre-filtered list of functional tests and resets, letting you quickly verify component operation—with easy-to-follow procedures to confirm and validate your specific repair

Real Fixes

Verified repair tips and fixes via SureTrack, eliminating the need to consult other resources; firsthand insights from other technicians written specifically for Snap-on

Quick Access Menu

Ability to switch quickly between functions at any time—without having to go back to the start of the process

Service Resets and Relearns

Access to reset and relearn procedures, letting you reset learned values when you fit a new component to the vehicle you're working on—plus a repairs graph and any available TSBs for every test

Code Scan and Code Clear

Lightning-fast code scans, with a complete overview of the vehicle and its history for fast triage and workflow organization; "Clear All Codes" lets you quickly finish the repair

Pre and Post Scan Capability

Faster approvals, histories, repairs and payments—thanks to reports (including specific ADAS calibration reports) that help you build customer confidence and quickly finish every job

360 DEGREES OF INTELLIGENCE YOU CAN TRUST.

Hardware

- Sleek, sophisticated design developed specifically for the shop environment
- 9" capacitive color touchscreen display for improved readability from any angle — and superior visibility indoors or out
- Four-way thumb pad for quick navigation
- Fast bootup and one-touch code scan and clear, letting you move quickly from start to print
- 5 GHz wireless compatibility

Software

- OEM-specific scanner coverage for over 49 Asian, domestic, and European makes and over 100 vehicle systems
- Instant vehicle identification for most 2008 and newer vehicles
- Advanced graphing features and OEM-level data
- Up to eight live data parameters displayed onscreen at a time
- Records all data, all the time for easy switching to view alternate PIDs
- One-click access to relevant vehicle- and code-specific technical service bulletins (TSBs)
- Comprehensive and detailed functional tests

Experience-Based Software

- Patented Intelligent Diagnostics workflow and filtered information for bringing focus to the specific vehicle and code you're working on
- Access to SureTrack, a patented resource for verified parts replacement records and Real Fixes harvested from millions of successful repairs
- Access to common procedures, specs and service interval resets
- Patented Smart Data, delivering relevant vehicle- and code-specific PIDs with known-good values

Unmatched Customer Support

- Snap-on Customer Care, available at **diagnostics_support@snapon.com** and **800-424-7226**
- Online training and support available 24/7 at **diagnostics.snapon.com/trainingsolutions**
- National online training on industry topics available weekly; go to **snapon.com/virtualtraining**
- Finance options available — ask your Franchisee or other Snap-on sales representative for details
- The Snap-on Cloud at **altusdrive.com**: save, sort and share pre/post scan and ADAS calibration reports — and show your customers the value of the work you do

ENOUGH WITH THE INFORMATION OVERKILL.

You don't want to be bogged down by too much information when it comes to making the right repair.

Only Intelligent Diagnostics from Snap-on filters a universe of vehicle-specific data, constantly updated through a convenient cloud-based platform, to help you make quick, confident repairs— and get your customers back on the road. No other company can match our data, and no other company can make it this easy to use.

Simplify your diagnostics. Find the platform that's right for you at **diagnostics.snapon.com/id**

Intelligent Diagnostics from Snap-on.
Available on the APOLLO-D9, TRITON-D8® and ZEUS®.
