

Master the unknown with Bundle 12.2. Get new optional* European features and coverage, plus all those from previous upgrades!

New and Enhanced Optional Coverage

VW, BMW, Audi, Mini, Land Rover, Volvo, Mercedes-Benz and Smart Car

BMW

Power Management '04-'10 - to assign new battery to electronic control unit (ECU).

Engine Auto ID - for vehicles that do not have engine stickers on vehicle. This will help our customers and make it easier to use the tool.

Land Rover

Reset Adaptations '05-'10 - when there is a failure this reset sets the fuel trim back to factory default settings.

Mercedes-Benz

EVAP Monitor Fuel Tank Leak Test '00-'10

Volvo

Throttle Motor Relearn '00-'10 - when you replace the throttle motor you have to relearn it so the engine control unit (ECU) goes out and resets the idle.

Central Equipment Module (CEM) '00-'10

TPMS '05-'10 - for TPMS sensor ID writing, a manual relearn.

Smart Car

ID New Sensor '08-'10

Airbag Controller Reset '05-'10

SAM '98-'10

Recalibrate Steering Angle Sensor '98-'10

11.4

New and Enhanced Optional Coverage

VW, BMW, Audi, Mini, Land Rover, Volvo and Mercedes-Benz

New Smart Car '05 - '10

- Engine
- Transmission
- Antilock Brakes
- Instrument Panel
- Airbag
- Body module

Volvo

Electronic Parking Brake '08 - '10

VW/Audi

Steering Sensor Calibration '00 - '05
