Get More Diesel Coverage with Snap-on's Software Bundle 11.2

LINCOLNSHIRE, IL, July 11, 2011 – Have you ever had a job that you were working on, only to discover you didn't have the capability to complete the repair? The diesel coverage available in Snap-on's Software Bundle 11.2, plus the coverage you get from previous upgrades, helps make those instances less frequent.

Diesel coverage includes:

- GM Injector Flow Rate Programming
- GM Oil Life Reset
- GM IAF Motor
- GM Fuel Filter Life Reset
- Ford Clear EGR Adaptive Table
- Ford Fuel Injection Control Module
- Chrysler Diesel 6.7L Injector Quantity Adjustment Routine
- Chrysler Liberty

The latest upgrade, Software Bundle 11.2, includes new features and coverage, plus all of the features and coverage from the previous upgrades. Get over 126,000 new and enhanced codes, tests, tips and data, plus access to over 17,300 systems for model years 1993 to 2010, including new 2010 domestic and Asian coverage for Ford, Chrysler, Acura, Honda, Hyundai, Kia, Mitsubishi and Mazda. In addition, Software Bundle 11.2 offers over 73,000 new and enhanced component test meter (CTM) tips – the largest addition to any software bundle ever!
