## **Tool of the Month: New VERDICT™ M2 Two-Channel Scope/Meter**

**KENOSHA, Wis. – June 12, 2012** – The new VERDICT™ M2 Two-Channel Scope/Meter (EAK0301B14A) from Snap-on provides high speed component testing for a quick and confident diagnosis. It combines a two-channel, high-speed lab scope and a digital graphing meter to deliver 20 megasamples/second/channel and 3MHz bandwidth for accurate testing of high-speed signals used in the latest automotive technology. The scope/meter tests VDC, VAC, ohms, continuity, capacitance, frequency, duty cycle, pulse-width and diodes.

“When designing a new product, we always keep professional technicians in mind and add in features that we know will help them be more efficient and productive in the service bay,” said Mark Schaefer, director of marketing, Snap-on Diagnostics. “For example, the 20 megasamples per second per channel and 290 data points per screen makes it easy for techs to catch component faults and glitches. We also included color-coded waveforms to the two-channels to help techs compare readings from multiple components side-by-side in real time. Plus, the normal and inverse display allows for optimum visibility in daylight and dark.”

Features and benefits of the *VERDICT* M2 Two-Channel Scope/Meter include:

- Full color, backlit high resolution display for clear, precise results
- Selectable scales from 0-100 millivolt to 0-1000VDC
- CAT III and CAT IV certification; hybrid-ready
- Operates as a stand-alone tool or wirelessly with the *VERDICT* system
- Scope sweep rates from 25 microseconds to 10 seconds (up to 60 minutes in DMM mode) for a wide range of applications
- High energy rechargeable NiMH battery for eight-12 hours of continuous use
- High input impedance -10 megohm avoids risk to electronic components
- Kit contains: two-channel automotive scope, AC power adapter, rechargeable battery pack, test leads with ground lead and clips

Customers can learn more about the new *VERDICT* M2 Two-Channel Scope/Meter by contacting their participating Snap-on franchisee or representative, visiting [www.snapon.com](http://www.snapon.com) or by calling toll free 877-SNAPON-4 (877-762-7664).

### **About Snap-on Tools**

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, diagnostics and equipment solutions for professional users. Product lines include hand and power tools, tool storage, diagnostics software, information and management systems, shop equipment and other solutions which are used by technicians and professionals at vehicle dealerships and repair centers and in the marine, power sports and aviation industries. Snap-on Tools is one of the largest non-food franchise companies in the world, selling its products and services through franchisee, company-direct, distributor and Internet channels. Snap-on Incorporated, which was founded in 1920, is

a \$2.9 billion, S&P 500 company located in Kenosha, Wis. with operations throughout the world. For additional information, visit [www.snapon.com](http://www.snapon.com).
