## Snap-on Classics: FAR25A 1/4-Inch Air Ratchet

**KENOSHA, Wis. – October 15, 2012** – An all-time favorite for driving smaller fasteners into tight places, the Snap-on® 1/4-inch Drive Air Ratchet (FAR25A) continues to be a classic performer when it comes to productivity and efficiency.

“The Snap-on 1/4-inch Air Ratchet is a classic that never goes out of style,” said Jim Martin, product manager for Snap-on. “Its split housing gives it more strength and durability but it is also easy to use and comfortable in the service technician’s hand resulting in less fatigue. We call it the ‘little giant’ because, although it is small in stature, it is powerful in performance.”

The *Snap-on* 1/4-inch Air Ratchet (FAR25A) features:

- Air motor vanes that resist wear, chipping, cracking and moisture
- Needle bearing supported drive shaft provides a smooth running tool
- Replaceable air inlet bushing prevents cross threading of air inlet on handle
- Ergonomic handle provides a sure grip and reduces fatigue
- Variable speed trigger is spring loaded padded style
- Directional muffler directs exhaust away from the user
- Low dBa rating reduces fatigue from noise

Customers can find out more about the *Snap-on* 1/4-inch Drive Air Ratchet (FAR25A) by contacting their participating Snap-on franchisee or representative, visiting [www.snapon.com/powertools](http://www.snapon.com/powertools) or by calling toll free 877-SNAPON-4 (877-762-7664).

### About Snap-on Tools
