# Snap-on Offers Extensive Line of Mercedes C Class Tools

*Tools Help Service Techs Improve Productivity and Efficiency*

**KENOSHA, Wis. – June 18, 2009** – As more and more Mercedes C Class vehicles hit the road, service techs are will see an increase in the number of these cars coming in for service. With that in mind, Snap-on has designed an extensive set of tools to be used on Mercedes C Class vehicles, providing service technicians the opportunity to increase their Mercedes C Class service business.

“The Mercedes C Class has become one of the most popular import cars on the road today. At Snap-on we have designed a series of tools that will help technicians service these cars quickly and efficiently,” said Scott Amundson, product manager for Snap-on. “These special tools are designed to provide power with comfort, comfort with control and control with power.”

The Snap-on Mercedes C Class tools include:

- **1/4-inch Drive Universal Torx Socket (E8)** – Special purpose socket for several Mercedes applications including turbo charger, crankshaft position sensor, sensors and intake bolts and ignition switch.
- **27 mm 3/8-inch Drive Oil Filter Socket (A127)** – Remove and installs 27mm oil filter socket. Used on 2003 and newer Mercedes 1.8L 4-cylinder. Also good for aftermarket oil filter with one-inch nut at the top of canister.
- **32mm 1/2-inch Drive Shallow 12-Point Impact Socket Flex Handle (IMDM320)** – For Mercedes W140 chassis 1992 to 1999 SC & SL Class axle nut.
- **Mercedes Wheel Hanger (WHM2)** – Mercedes do not have wheel studs as they have a small lip that holds the wheel. The WHM2 is a safety tool saving your back from balancing a tire and trying to install the wheel bolt. Prevents tire from falling on you. Two sets of the WHM2 make tire rotation safer and faster.
- **Mercedes Mirror Tool T20 Tamperproof TORX® Plus (T20)** – Ergonomic soft grip handle provides comfort and delivers superior turning power. Short end is also a T20 Tamperproof TORX® Plus for tight quarters. Overall length 10.5 inches.

Customers can find out more about the Mercedes C Class tools by contacting their local Snap-on franchisee, visiting [www.snapon.com](http://www.snapon.com) or by calling toll free 877-SNAPON-2 (877-762-7662).
