Snap-on Heavy Duty Impacts Make a Big Impact on Business

Great Tools for Heavy Duty and Industrial Jobs

KENOSHA, Wis. – May 17, 2011 – Heavy duty jobs can be time consuming and put a lot of wear and tear on your body. However, Snap-on's heavy duty impact wrenches are designed to make those challenging jobs a lot easier, while at the same time lessening user fatigue and making a big "impact" on your bottom line.

"Snap-on impact wrenches are ideal for a wide variety of fastener-turning jobs in both the heavy duty and industrial fields," said Jim Martin, product manager for Snap-on. "When used with our Snap-on impact sockets, these versatile and rugged tools provide power and speed for greater job efficiency and less operator fatigue."

The features and benefits of Snap-on's 3/4-inch Drive Air Impact Wrenches (MG1200, MG1200L-long anvil, MG1200XL-extra long anvil) include:

- 1,200 ft. lb. max torque to quickly remove stubborn fasteners
- Twin hammer impact mechanism is durable and hard hitting
- Anvil stopping feature makes the anvil stop when trigger is released
- Six vane rotor for faster motor start-up
- One-piece machined lightweight magnesium housing for durability
- Balanced design distributes weight evenly to reduce fatigue and increase control
- Cushion grip absorbs vibration and insulates against cold-reducing user fatigue

Customers can find out more about these Snap-on heavy duty impact wrenches by contacting their participating Snap-on franchisee or representative, visiting www.snapon.com/powertools or by calling toll free 877-SNAPON-2 (877-762-7662).
