New Snap-on 18 Volt Cordless Adhesive Gun Makes a Long-Lasting Impression

Perfect for Automotive, Electrical and Industrial Applications

KENOSHA, Wis. – January 3, 2012 – Easy to use and exceptionally versatile, the new Snap-on® 18 Volt Cordless Adhesive Gun (CAG6850DBKIT) is sure to make a long-lasting impression every time you use it.

“Our new 18 Volt Cordless Adhesive Gun is the perfect solution when you need to permanently affix, or hold something in place, while you work on it,” said Rodger Isetts, product manager for Snap-on. “The Snap-on Cordless Adhesive Gun is versatile and has a number of features to make you much more productive and efficient. While it has a variety of automotive and industrial applications, it is also great for working on electronics and electrical applications.”

The new Snap-on 18 Volt Cordless Adhesive Gun (CAG6850DBKIT) features:

- Two-finger trigger
- Convenient back loading for high volume applications
- High efficiency melt chamber
- Precision solid state temperature control
- Red LED heating, Green LED ready and Yellow LED warning lights
- Convenient on-off switch
- Auto shut-off with warning signal after 20 minutes of non use
- Auto low battery warning signal and power shut off

Automotive Applications

- Attaching and repair of door panels
- Reinforcing fabric, leather, synthetics around holes and fasteners
- Staking speaker, back-up camera, remote starter wires under dash or carpet
- Temporary bonding of components to assure alignment before fastening
- Bonding foam inserts to fit crash helmets
- Temporary bonding of lug nuts to racing wheels

Electronics and Electrical Applications

- Attaching, rerouting wire and components to printed circuit boards
- Staking terminal assembly wires to PC board
- Bonding metal speakers to plastic housing
- Potting electrical components
- Anchoring conductors to connector (fine gauge wire) to provide strain relief
- Encapsulated heater wires in tank assembly to hold them in place during lamination

Industrial Applications

- Attaching foam stock pads in shipping crates to protect cargo
- Assembling abrasive wheels to preheated metal hubs
- Attaching and sealing drawer bottoms for a strong and rattle-free assembly
- Assembling two piece foundry cores
- Securing pleated filter paper inside perforated metal enclosure for diesel engine air filters

Customers can find out more about the new Snap-on 18 Volt Cordless Adhesive Gun (CAG6850DBKIT) by contacting their participating Snap-on franchisee or representative, visiting www.snapon.com/powertools or by calling toll free 877-SNAPON-4 (877-762-7664).
