New Snap-on Holiday Gift Guide: The Toy Catalog for Techs

KENOSHA, Wis. – November 12, 2013 – From innovative power tools and hand tools to the latest in tool storage, lighting solutions and shop and tech equipment, the 2013 Snap-on Holiday Gift Guide is this season's toy catalog for techs. This 16-page gift guide also offers popular non-tool items like the world famous Snap-on® socks and knit hats to help keep Snap-on Nation warm during winter.

"The Snap-on Holiday Gift Guide offers the ultimate collection of Snap-on tools and equipment just right for holiday giving," said Rick Secor, director, PR and communications for Snap-on. "Featuring over a hundred great gift ideas, the guide includes special pricing on many items through Dec. 31. Order now, as holiday gift guide items will go fast."

Some of the exciting gift ideas available in the 2013 Snap-on Holiday Gift Guide include:

Snap-on 12 LED Red Pocket Light (ECFONELITE)

This 12 LED high-output light with front-facing surface mount diodes (SMD) produces 100 lumens on high and 65 lumens on medium. Using three AAA alkaline batteries, it provides seven hours runtime on high or 12 hours on medium. Featuring a robust rubber boot that protects the light from drop hazards, this *Snap-on* light is compact enough to take anywhere and the strong, rare earth magnet on the back of the clip attaches to ferrous surfaces. Also available in green (ECFONELITEG) and orange (ECFONELITEO).

Snap-on 7-Piece 12-Point Flank Drive® Plus Metric Combination Wrench Set (SOEXM707)

Featuring the Flank Drive® Plus wrenching system, these top quality wrenches provide up to 62 percent more turning power, allowing more torque while reducing fastener wear. A durable finish provides corrosion resistance, while the high strength alloy steel offers greater wrench strength and longer tool life. The 7.5 degree offset broaching allows work in restricted areas and the 15-degree offset orientation helps fight clearance problems.

Snap-on MicroLithium Cordless Temperature Gun (CTG761)

With the most advanced features of any professional infrared gun, the *Snap-on* CTG761 has the widest temperature range on the market from -58 to 1,832 degrees Fahrenheit. The ergonomic design of the CTG761 grip is equally comfortable for right and left-handed users and a single-button trigger makes it effortless to control. Powered by a 14.4V MicroLithium battery and charger, it is also interchangeable with the new *Snap-on* 7.2 Volt cordless tools, eliminating the need for extra chargers and back-up batteries.

Snap-on 3/8-inch Drive 7.2 Volt Lithium Cordless Impact Wrench (CT661)

With 70 ft. lbs. of torque output, this cordless impact has variable speed with a digital toggle style trigger for precise control. A built-in brake stops the anvil from throwing sockets and fasteners and twin beam headlights illuminate work areas. It also has a quick 30-minute battery charge for less down time.

Customers can request a copy of the 2013 Snap-on Holiday Gift Guide by contacting their participating Snap-on franchisee or representative or by viewing it online at www.snapon.com.

About Snap-on Tools

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks. Products and services include hand and power tools, tool storage, diagnostics software, information and management systems, shop equipment and other solutions for vehicle dealerships and repair centers, as well as for customers in industries, including aviation and aerospace, agriculture, construction, government and military, mining, natural resources, power generation and technical education.
