## **New Snap-on MicroLithium Cordless Ratchet Combines Strength with Speed**

**KENOSHA, Wis. – June 6, 2013 –** The new Snap-on® 3/8-inch Drive 14.4v MicroLithium Cordless Ratchet (CTR761) is the first to match the performance of a pneumatic ratchet in its category with the convenience of being “untethered” to an air hose for increased freedom and productivity.

The new *Snap-on* CTR761 easily withstands 150 ft-lbs. of manual breakaway torque and follows that up with rotational speeds of up to 350 RPM to remove and install bolts lightning fast. It has a cold forged crankshaft for quality, strength and durability, and boasts a new 14.4 volt battery, enabling longer runtime.

“The CTR761’s industry-leading combination of strength and speed provides the user with a versatile tool capable of breaking loose and running out fasteners at a high rate of speed,” said Rodger Isetts, product manager for Snap-on. “With the Snap-on CTR761, service technicians will get the speed, control and accessibility they have been looking for in a cordless ratchet.”

Some of the unique features and benefits of the new *Snap-on* 3/8-inch Drive MicroLithium Cordless Ratchet (CTR761) are:

- 350 RPM max
- 150 ft-lbs. of manual breakaway torque
- Integrated LED headlight
- Battery fuel gauge LED cleverly integrated into handle
- Cold forged crankshaft for quality, strength and durability
- Also available in 1/4-drive (CTR725)

Customers can learn more about the new *Snap-on* 14.4v MicroLithium Cordless Ratchet (CTR761) by contacting their participating Snap-on franchisee or representative, visiting [www.snapon.com/unbelievableratchets](http://www.snapon.com/unbelievableratchets) or by calling toll free 877-SNAPON-4 (877-762-7664).
