Tool of the Month: Six-Piece 1/4-Inch Drive Inverted Torx Low Profile Socket Set

KENOSHA, Wis. – June 25, 2013 – When backing off a fastener, do you ever wish you had a little more room? Now you do with the Snap-on® Six-Piece 1/4-inch Drive Inverted Torx® Low Profile Socket Set (106RTLE).

“Snap-on prides itself on providing tools that allow the greatest access to fasteners in tight quarters,” Scott Amundson, product manager for Snap-on. “The Snap-on 106RTLE is the perfect solution for under-dash or cramped quarters on tight applications on European vehicles such as BMW and Mercedes and those found on Ford, Jaguar and GM vehicles. By using these specialty sockets with the Snap-on RAT72 low profile ratchet, service techs will have more accessibility and clearance.”

The *Snap-on* Six-Piece 1/4-inch Drive Inverted *Torx* Low Profile Socket Set (106RTLE) features:

- Bolt clearance through hole
- Special alloy steel, precision forged and heat treated for optimum strength and durability
- Nickel/chrome plating easy to wipe clean and helps protect against corrosion
- Can be used with 1/4-inch extensions or any 1/4-inch ratchet and 11 mm ratcheting wrench
- Perfect add on set for the 112RTSM or 112RT low profile ratchet and socket sets

Customers can learn more about the new *Snap-on* Six-Piece 1/4-inch Drive Inverted *Torx* Low Profile Socket Set (106RTLE) by contacting their participating Snap-on franchisee or representative, visiting www.snapon.com/handtools or by calling toll free 877-SNAPON-4 (877-762-7664).

About Snap-on Tools
