New Snap-on Light So Bright You'll Need to Wear Shades

18 Volt LED Work Light a "Must Have" for Shop or Mobile Tool Box

KENOSHA, Wis. – April 17, 2013 – The new Snap-on® rechargeable 18 Volt LED Work Light (CTLED7850) is the perfect addition to any tool box or mobile tool storage unit. This versatile, high-performing light is rechargeable, offers a flood or spot option and runs for 12 hours, making it a "must have" for every service technician.

"We designed the components of the CTLED7850 to ensure that it is an optimum-performing, professional light with a variety of uses," said Rodger Isetts, product manager for Snap-on. "Some service technicians require a flood light when they are working and others need more of a pinpoint light. With our patent pending dual reflector system, you get both lights in one. The CTLED7850 is the ideal light for under the car, under the hood or under the dash. It is a 'must-have' for professionals who demand quality, durability and performance."

The new *Snap-on* rechargeable 18 Volt LED Work Light (CTLED7850) features:

- 300 lumens for a super bright output
- Dual-reflector system: flood or spot option (mirror reflector included)
- 12-hour run time
- 120-degree rotating head
- Low-battery indicator
- Tempered glass lens
- Resists automotive fluids
- Lightweight aluminum head
- Impact-modified nylon housing
- Battery and charger are sold separately

Customers can learn more about the new *Snap-on* rechargeable 18 Volt LED Work Light (CTLED7850) by contacting their participating Snap-on franchisee or representative, visiting www.snapon.com/powertools or by calling toll free 877-SNAPON-4 (877-762-7664).
