Snap-on Adds Free SOLUS Ultra™ Training Solutions Modules to its Website

LINCOLNSHIRE, IL, June 16, 2014 – Snap-on is now offering free SOLUS Ultra™ Training Solutions modules on its website at <http://diagnostics.snapon.com/trainingsolutions>. The eight modules will help professional service technicians navigate the features and functionality of the full-function, OEM-specific scan tool, which allows them to quickly identify the problem and get to the repair. Designed for fast operation, simple connection and complete scanning abilities, the SOLUS Ultra gives technicians the confidence that they won't miss anything.

“The Snap-on Training Solutions modules were created to teach all of the latest diagnostic techniques so technicians can get the most out of their diagnostic tools,” said Mark Schaefer, director of marketing, Snap-on Diagnostics. “The modules are offered as instructional videos at no charge, and are set up as multi-level training, from basic to advanced levels.”

The SOLUS Ultra Training Solutions modules cover:

- Introduction and navigation
- Scanner codes
- Scanner data
- Scanner data graphing
- Troubleshooter: code tips, symptom tips
- Functional tests
- Global OBD-II: the 10 modes of OBD-II
- Previous vehicle history and saved data

The Snap-on [Training Solutions modules](#) provide quality product training that is available to technicians 24 hours-a-day, seven days-a-week, when it is most convenient for them. All modules are free-of-charge and technicians can revisit the training sessions as often as necessary to learn at their own pace and comfort level.

Each module is hosted by National Field Trainer Jim Moritz. With over 30 years of experience in automotive diagnostics, engineering, marketing, training and technical support, he has developed over 100 training courses and trained over 100,000 students. His memberships and certifications include NASTF, ETI, SAE and ASE.
