# 2 POST LIFTS

## LIFTS FOR CARS & LIGHT COMMERCIALS

Do you need a vehicle lift but restricted on space? A Sun 2 post lift could be the perfect solution for you! Suitable for lifting a variety of cars and light commercial vehicles.

### SUN TWO POST LIFT WITH BASEFRAME FEATURES:

- Post height 2910mm, ideal for height restricted workshops
- Available in two configurations: 4 tonne and 5 tonne
- Four arms with three-stage asymmetric configuration gives a better centre of gravity on 4WD's and SUV's
- The 4 tonne version has low profile arms, at just 85mm they are designed for sports and low-skirted vehicles. (Pad height on the 5 tonne versions is 95mm)
- Lifting/lowering time up to 55s (3 phase option)

### SUN TWO POST BASELESS LIFT FEATURES:

- Suited to workshops that require a clear floorspace to remove and mount batteries from electric and hybrid vehicles
- Available in two configurations: 4 tonne and 5 tonne
- Four arms with three-stage asymmetric configuration gives better centre of gravity on heavy EV's and front-wheel drive vehicles
- The 4 tonne version has low profile arms, at just 85mm they are designed for sports and low-skirted vehicles. (Pad height on the 5 tonne versions is 95mm)
