

The New Visual Control Cabinet Tool Storage units Create “Point of Use” Tool Storage Solutions.

34” and 49” Tool Control Boxes

- **Visually manage tools at the “Point of Use”**
- Clear Abrasion Resistant (AR) Polycarbonate window allows for “at a glance” inventory management and creates a strong, secure barrier. (Polycarbonate is commonly used in eye protection)
- Keyed or e-Lock/keyless entry secures the tools and inventory
 - » e-Lock is programmable for up to 3,000 Users
 - » e-Locks can be networked with LockView software L5LVSG3
- Visual Control Cabinets Hold ~70 tools (34”) to ~100 tools (49”)
- Full swing door hinge creates unobstructed entry when in use, gas shocks keep the door in the upright position.
- Visual Control Cabinets Create “Strike Zone” presentation of tools
 - » Strike Zone = above the knees and below the shoulders
 - » Eliminates Need to Bend and Stretch
- 5 Color Selections – organize by area, application or types of tools

See pages 3, 4 and 5 for part number listing, with colors, specifications and ordering process.

LEVEL5
Tool Control System

Visual Control Cabinet

- Versatile mounting options
 - » V-stand mounting brackets standard
 - 16" on center for wall mount
 - » 49" rolling cart - Optional – predrilled and hardware included, page 3/5
 - » Roll Cab option – any 24" deep or larger roll cab
 - Should Mount to Roll Cab for Safety
 - » KRSC100A drawer styled cart – 30" depth
- Interior Tool Control Options
 - » Foam – Use FOM part numbers to order, page 3/5
 - Customize with sales reps guidance
 - » Metal Peg Board – hooks not included, page 3/5

VCC 5S Box with V-stand mounting brackets, and Foam Tool Control
see page 4/5 for part #'s and details

Makrolon® AR Abrasion-Resistant Polycarbonate

Makrolon AR abrasion-resistant polycarbonate offers glasslike surface hardness and the impact strength of polycarbonate. With enhanced UV resistance to protect against yellowing and hazing, Makrolon AR provides a longer service life for high-profile architectural glazing, and performs extremely well for other flat applications such as view windows and machine guards in harsh chemical environments.
