

THE NEWEST TACTICAL WEAPON

For Law Enforcement

Portable Video Surveillance and Inspection Tool

This Product is Ideal for

Police Officers • K9 Units • Tactical Teams • Border Patrol • Fire Departments • Drug Enforcement Agencies

**REDUCE DAMAGE TO PROPERTY
IDENTIFY AND LOCATE
HAZARDOUS MATERIALS
CONDUCT SEARCHES FASTER
IDENTIFY THREATS
AND DANGEROUS
SITUATIONS**

Finally, a portable video inspection tool that's tough enough to take on any dangerous field assignment and dependable enough to capture sound, video and photos that can be used as evidence in a court of law. With a bright LED light and up to ten feet of reach, this portable video inspection tool is built by Snap-on, so you know it's professional quality.

With an imaging head as small as 7/32" that can fit on a 36" or 120" flexible cable, you can now easily check and inspect those hard to reach areas, such as crevices inside automotive panels, glove compartments, truck beds, wheel wells, street sewers, boxes, hollow walls, drain pipes, and even suspicious packages.

It's not just something you see in TV dramas, you can actually look under doors and get a good view of a room. With the microphone attachment, you can listen, too.

It's all about being safe, reducing property damage, working faster, and smarter.

**Standard Imager
BK5500-1**
