8:00PM Central [Click to join](#) Passcode: 8559655223

Join us to cover tips and training for highly successful TRITON-D10 focused sales. I have interviewed some of the top Franchisees in North America with annual FTAs that are well above average year after year. They have graciously given me permission to share what they have done to accomplish this. We will talk about creating anticipation before the TRITON-D10 even arrives. Targeting the hottest targets and gaining interest. We will show you a live demo featuring the exclusive Big Three features. We will also cover what tremendous support is waiting for the customer once they have invested in themselves by saying "yes, I'll take it."
