Snap-on CT9038 Impact Delivers Unmatched Power and Access in a New Compact Design

KENOSHA, WI (November 02, 2023) – Continuing its pursuit of innovation that increases productivity and eases work for professional technicians, Snap-on has designed, engineered and manufactured the most powerful addition to its MonsterLithium product lineup with the new category-leading CT9038 18 V 3/8" Drive MonsterLithium Cordless Impact Wrench.

This powerhouse delivers 525 ft-lb of bolt breakaway torque and 275 ft-lb of working torque in a groundbreaking design with minimal vibration that's manufactured to handle even the most challenging applications. Its 5" compact body ensures unmatched power and access in tight spaces. Three torque settings can be set independently in forward or reverse for the right amount of power for any job, and its variable-speed trigger provides enhanced control. The drive train is composed of precisely aligned high alloy steel components contained within a metallic case, providing unparalleled durability. Its reinforced nylon housing is uniquely designed to support the frameless, brushless motor ensuring longer tool life.

Safety and convenience are also prioritized with a 100 lm LED light and an integrated brake that halts the anvil once the trigger is released to prevent thrown sockets or fasteners. This monster is ergonomically sound with a cushion grip handle for comfort, while also sealing the motor controller to protect the tool's circuitry from shop environments.

Customers can learn more about the Snap-on® CT9038 18 V 3/8" Drive MonsterLithium Cordless Impact Wrench by contacting their participating Snap-on franchisee or representative, calling toll free 877-SNAPON-4 (877-762-7664), or visiting www.snapon.com

About Snap-on Tools

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks. Products and services include hand and power tools, tool storage, diagnostics software, information and management systems, shop equipment and other solutions for vehicle dealerships and repair centers, as well as for customers in industries, including aviation and aerospace, agriculture, construction, government and military, mining, natural resources, power generation and technical education. Snap-on Tools is one of the largest non-food franchise companies in the world, selling its products and services through franchisee, company-direct, distributor and internet channels. Snap-on Incorporated, which was founded in 1920, is a \$4.5 billion, S&P 500 company located in Kenosha, Wisconsin, with operations throughout the world.
