**THE DIAGNOSTIC CAPABILITIES YOU NEED.
AT A PRICE THAT WON'T BREAK THE BANK.**

AN ALL-INCLUSIVE PACKAGE FOR ENDLESS PEACE OF MIND.

Designed specifically to help overcome the financial barrier of owning your own diagnostic tool, the new ETHOS® Tech is the first platform in the Snap-on® line to include maintenance, warranty, software service releases and all software upgrades in the purchase price, for three years.

For one low price, you get everything: all the premium performance you expect from a Snap-on diagnostic tool, plus exclusive software upgrades delivered automatically, with no surprise investments and no added costs.

ALL-NEW MAINTENANCE PROGRAM.

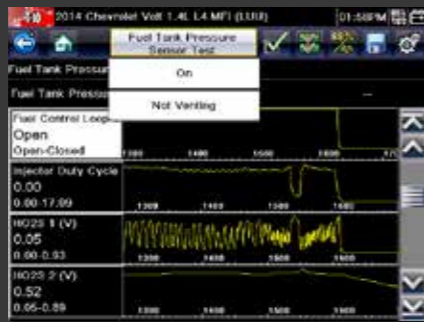

- Predictable payments distributed over three years
- Scan tool, maintenance, extended warranty, software service releases and future software upgrades included in purchase price
- Exclusive software upgrades included in purchase price—user-installable, web accessible via ShopStream-Connect™ (with built-in pop-up reminders to check for upgrades)
- No surprise investments or added costs
- Option to continue payment program after three years to continue maintenance plan once platform is paid in full

Easy, level payments mean no surprises. Avoid any added expenses for software upgrades, maintenance or repairs, while automatically staying up to date with the best software available. And because a three-year extended warranty is included in the purchase price, you can kiss your diagnostics worries goodbye.

SMALL FOOTPRINT. BIG ABILITY.

This is the first ETHOS to include all of the powerful Snap-on functional tests and service resets.

Verify diagnosis and repair with powerful tests and bi-directional controls for dozens of operations such as injector balance, gauge sweep, brake bleed, ABS operation and EVAP.

Complete Snap-on European vehicle software included as standard. 1996-newer coverage for 46 domestic, Asian, European OEMs.

The most compact platform in the Snap-on line, the new ETHOS Tech gives you everything you'd find on the ETHOS+, plus additional features traditionally found only in more advanced, higher-priced platforms. It's a great way to get a leg up on the competition and be ready for every vehicle that rolls into your bay.

SMALL FOOTPRINT. BIG CAPABILITIES.

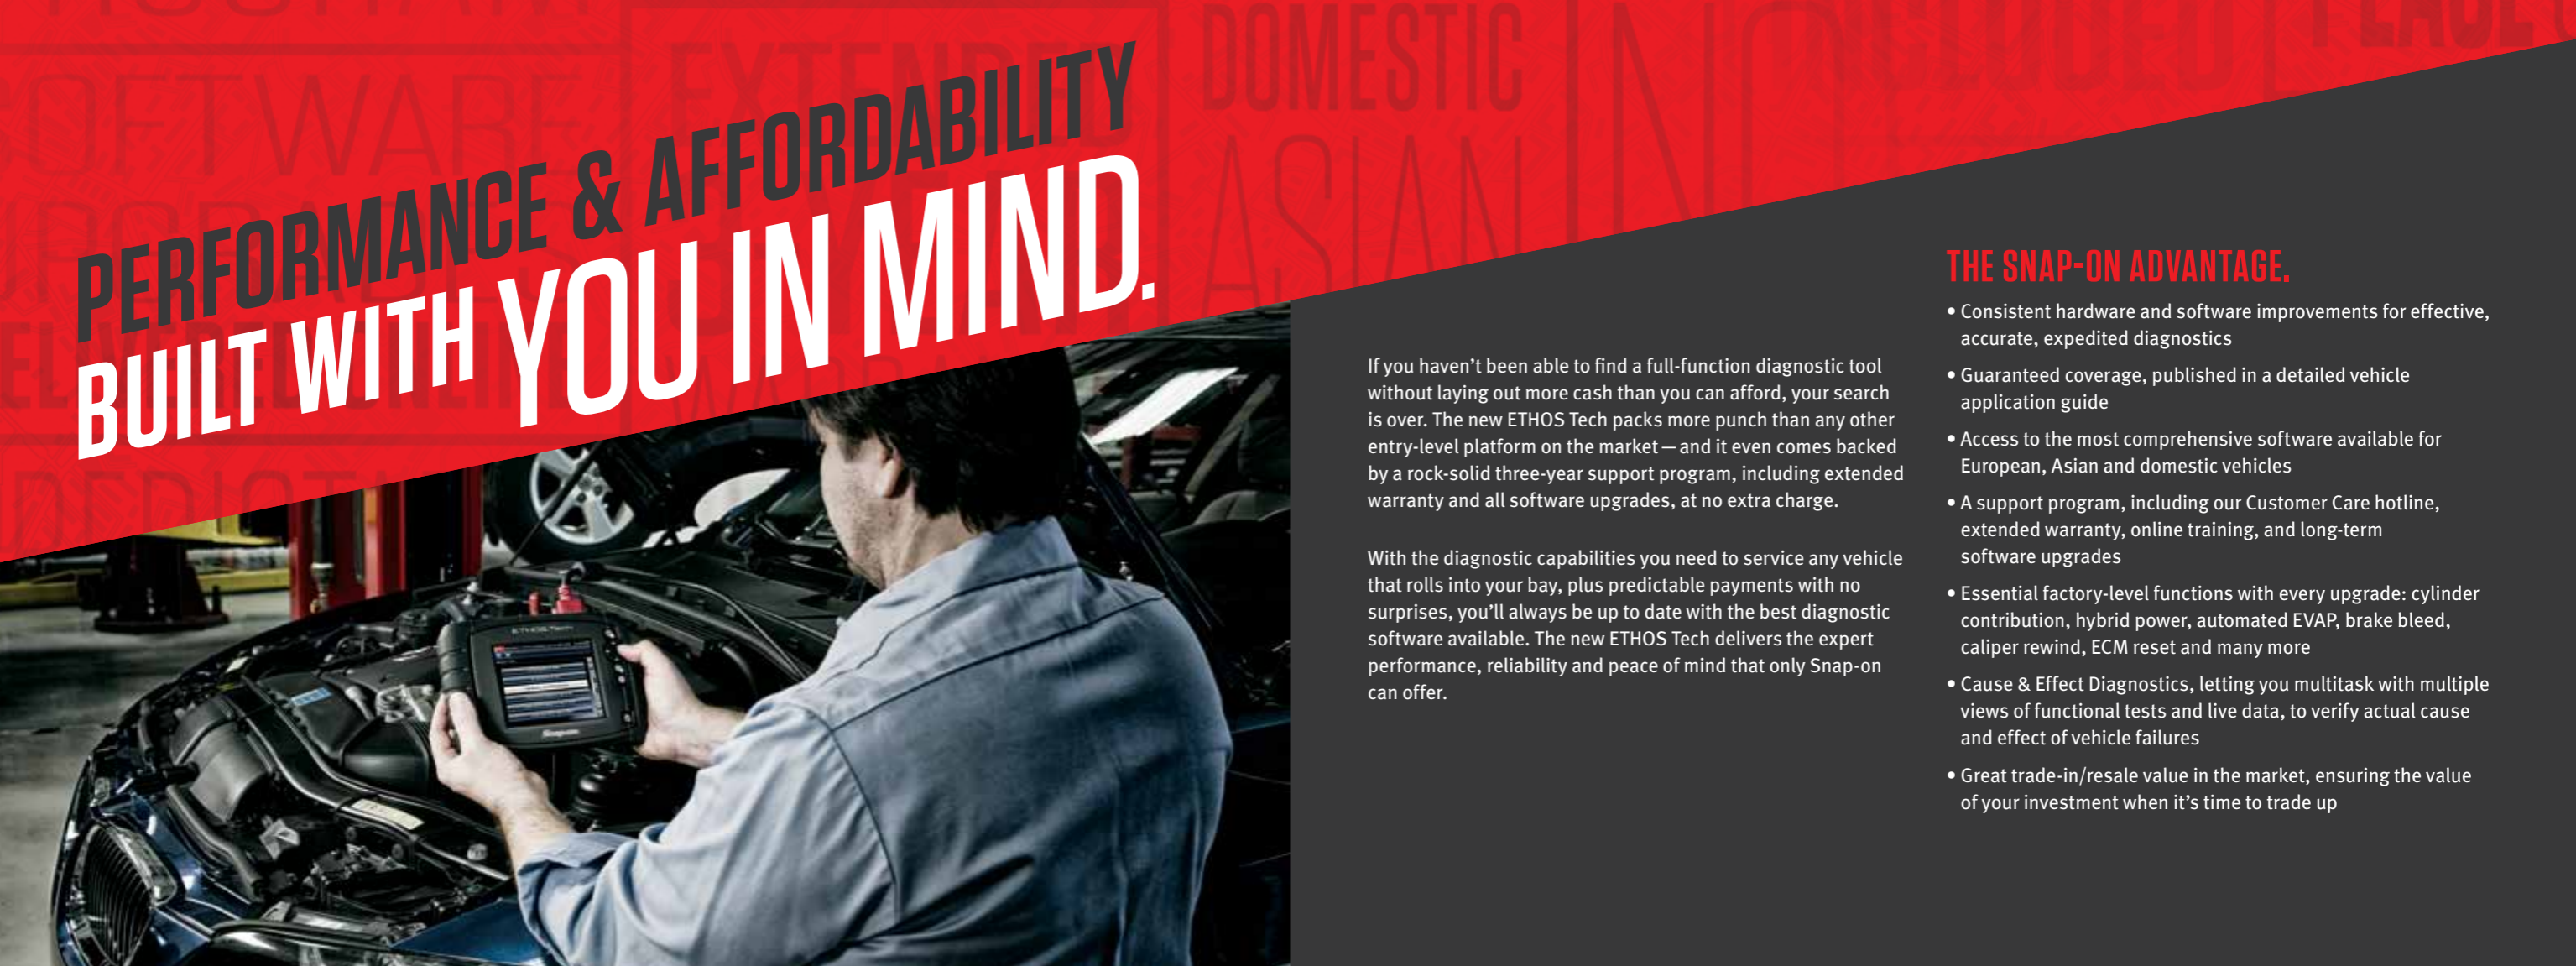

- Powerful bi-directional controls to verify diagnosis and repairs
- Component relearns and adaptations to finish the job other tools can only start
- Automatic Vehicle ID can save time on any job
- One-Touch Full Vehicle Code Scan & Clear to find and fix faults across multiple systems
- Detailed trouble code definitions in plain English to make diagnosis easy
- The most extensive coverage outside the factory tool
 - OEM-specific coverage for 46 OEMs including 11 European makes
 - Coverage for 76 vehicle systems, including new technologies like TPMS, hybrid power, steering angle sensor, park assist and more
 - Domestic, Asian and European vehicle coverage for 1996-newer vehicles

QUICK, SIMPLE OPERATION.

- Compact design, keyless operation and fast boot-up—ready to work in 10 seconds
- Single connector for all OBD-II applications
- Large, full-color 5.6" VGA touch screen for detailed graphing and results
- Compare results side-by-side—graph up to four live data parameters at once

WORKS THE WAY YOU DO.

- Operate all functions via touch-screen or 4-way keypad
- Powers from vehicle so you're never without a charge, plus internal batteries to review data when not connected to vehicle
- Programmable shortcut button for frequently-used features
- Save and review screens, codes, data movies on internal microSD card

PERFORMANCE & AFFORDABILITY BUILT WITH YOU IN MIND.

If you haven't been able to find a full-function diagnostic tool without laying out more cash than you can afford, your search is over. The new ETHOS Tech packs more punch than any other entry-level platform on the market — and it even comes backed by a rock-solid three-year support program, including extended warranty and all software upgrades, at no extra charge.

With the diagnostic capabilities you need to service any vehicle that rolls into your bay, plus predictable payments with no surprises, you'll always be up to date with the best diagnostic software available. The new ETHOS Tech delivers the expert performance, reliability and peace of mind that only Snap-on can offer.

THE SNAP-ON ADVANTAGE.

- Consistent hardware and software improvements for effective, accurate, expedited diagnostics
- Guaranteed coverage, published in a detailed vehicle application guide
- Access to the most comprehensive software available for European, Asian and domestic vehicles
- A support program, including our Customer Care hotline, extended warranty, online training, and long-term software upgrades
- Essential factory-level functions with every upgrade: cylinder contribution, hybrid power, automated EVAP, brake bleed, caliper rewind, ECM reset and many more
- Cause & Effect Diagnostics, letting you multitask with multiple views of functional tests and live data, to verify actual cause and effect of vehicle failures
- Great trade-in/resale value in the market, ensuring the value of your investment when it's time to trade up

QUALITY GUARANTEE.

Keeping pace with the dynamic auto industry, we're committed to constantly enhancing and improving our diagnostic equipment to ensure that every investment you make with us is the most sophisticated, technologically advanced solution available on the market.

CUSTOMER CARE.

When you choose a Snap-on diagnostic tool, you gain a long-term partner. Online support is available 24/7 at diagnostics.snapon.com/FAQ. Experienced Snap-on Customer Care Representatives are available to support you on our Customer Care Hotline at **800-424-7226**, or email diagnostics_support@snapon.com. Se habla Español.

For full-function performance, including automatic software upgrades, an extended warranty and more peace of mind, talk to your Snap-on Representative or visit diagnostics.snapon.com/ETHOStech.
