Snap-on®

AFFORDABILITY **PLUS** ENHANCEMENTS.

The logo consists of a large, dark grey cross shape with a textured, wood-grain-like pattern. The word "ETHOS+" is written in a bold, black, sans-serif font across the center of the cross.

ETHOS+

Introducing the entry-level diagnostic tool that gives you the sophisticated functionality you need, plus broad coverage for dozens of systems—including engine, transmission, ABS, airbag, TPMS, hybrid power, body and climate controls. In addition to user-friendly navigation that makes it ideal for new and seasoned users alike, the new ETHOS Plus also offers improved features like completely keyless operation, a larger full-color touch screen display, a more intuitive user interface and a fast boot-up time (10 seconds). And all this at our most affordable price ever. Talk about a plus!

THE RIGHT TOOL FOR NEW **PLUS** EXPERIENCED USERS.

ETHOS⁺

Never before has a diagnostic tool offered so many diverse features for such a diverse range of users. New technicians will appreciate its straightforward operation and comprehensive trouble code definitions. Experienced techs will find it powerful enough to provide vehicle-specific codes, data graphing, service monitor results and more. It's also the ideal tool for service writers, letting them manage tech workflow by quickly assessing incoming vehicles. No matter who picks it up, they'll improve their productivity in just a few short clicks.

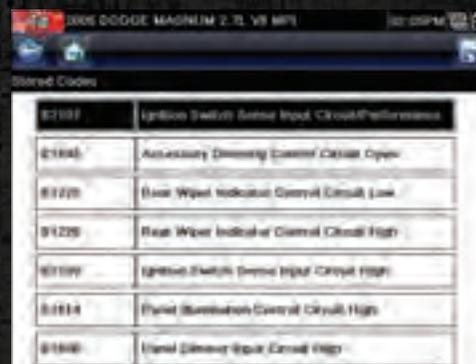

FITS YOUR NEEDS **PLUS** YOUR PREFERENCES.

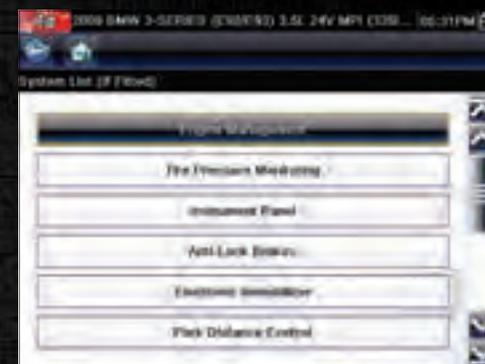

ETHOS⁺

In addition to offering both touch screen and 4-way keypad operation, ETHOS Plus lets users customize the settings and tools to fit their own needs. For instance, you can pause and review live data. Create custom lists to speed the display rate and compare specific data points. Set triggers to flag data parameters that fall outside their normal range, and much more. And the programmable shortcut key even provides one-touch convenience for performing frequent tasks. All of which will quickly make this the preferred tool for anyone looking to get into or expand their diagnostics capabilities.

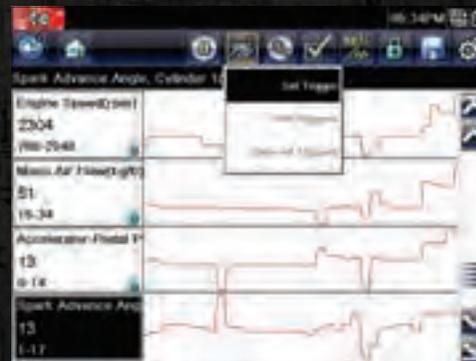

WE'VE ALSO **PLUSSED** THE SHORTCUTS.

Read and clear OEM-specific codes and Global OBD-II Codes in seconds. See detailed code definitions on-screen.

Covers major systems on over 40 vehicle makes, with optional European vehicle coverage.

Display live data parameters digitally or graph from one to four on-screen at once. View detailed results over time and use powerful tools to find faults: triggers, zoom, record and playback movies and screen images.

Quick vehicle ID by year/make/model/engine, or select from previous vehicles tested.

CUSTOMER CARE SUPPORT

When you choose a Snap-on® diagnostic tool, you gain a long-term partner. Experienced Snap-on Customer Care Representatives are available to support you on our *Customer Care Hotline* at **800-424-7226**. Se habla español.
