You're on the rise. Getting better, faster, and more able to handle bigger, more challenging tasks every day. As you up your game, it's time to up your tools. The MODIS Edge, a combination scanner and scope/graphing meter, delivers all new features plus the powerhouse speed and performance you expect from a complete diagnostic tool.

7/12/16 8:19 PM

Step it up.

With a five-second boot-up and Instant ID for automatic VIN recognition, MODIS Edge flies — getting you right down to business, right away. The SMX operating system and quick links to common procedures, oil specs and service interval resets mean lightning-quick navigation for fast results.

Say hello to speed.

Pump it up.

Slim, light and strong, the new MODIS Edge runs far ahead of the pack. Its big 8-inch display shows results with precision and accuracy. The new Code Scan Vehicle Summary Report displays a complete view of diagnostic results for all available systems. And it's easy to print to share with customers for more convincing estimates. Its extended-range Wi-Fi makes triage and bay productivity a breeze. Exclusive Guided Component Tests show how to test, where to connect and what to look for, so you move quickly to the next work order.

Say hello to performance.

Bank on it.

With the new MODIS Edge, you're on it. Its expert diagnostics eliminate guesswork. Access to exclusive SureTrack[®] provides everything you need right there on the screen—see Cause, Complaint and Correction with Real Fixes and Common Replacement Parts information. So you can fix it right the first time, which is great for shop workflow and your reputation. It's the right tool for right now.

> Welcome to certainty. Introducing the new MODIS Edge.
