Learn real fixes from completed repairs of cars and problems like the one in your bay. SureTrack® is not a chat forum like some other online tools. SureTrack is all about the answers. You get confidence with verification from millions of successful repair orders and thousands of technicians who have already been there, solved that.

SureTrack is the industry’s most comprehensive source of expert knowledge for professional technicians, combining diagnostic experience with repair timesavers and verified parts replacement records.

Now integrated into all VERUS®-family products, VERDICT™-family products, SOLUS® Edge and MODIS™ Ultra, with a current Snap-on Software Upgrade 14.4 or newer. SureTrack offers professional technicians confidence in their diagnosis and tremendous savings in repair time. And only SureTrack offers Common Replaced Parts Graphs, showing the parts most commonly replaced to repair symptoms and codes on vehicles like the one in your bay. What could be better than that?

Vehicle-specific repair results and timesaving tips, confirmed by SureTrack expert technicians. SureTrack offers more complete information than hotlines and more reliable results than online forums. That’s because SureTrack gives you answers harvested from millions of completed repairs orders.

SureTrack is available inside Snap-on® VERUS-family, VERDICT-family, SOLUS Edge and MODIS Ultra diagnostic tools and SHOPKEY® PRO Repair Information System. For more information, see your Snap-on Representative, call 800-944-2877 or go to diagnostics.snapon.com/suretrack.

who have already been there, solved that.

Exclusive single-point display.
Access all SureTrack expert resources
with one click. Select a fault code and see Common Replaced Parts,
Troubleshooter Tips, and Real Fixes.

 VALIDATED FIXES

Which part is actually the root cause
of the problem? SureTrack shows
verified parts replacement records from
completed repairs. Learn which parts
are most frequently replaced to complete
the repair for symptoms, fault codes and
vehicles similar to the one in your bay.

 GUIDED TESTS

No simulations here.
Suretrack troubleshooter tips and
Real Fixes are gathered through actual
on-vehicle tests, so you’ll know exactly
what to look for to verify a faulty part.
Real Fixes are shown in a straightforward
Complaint/Cause/Correction format.
