Snap-on Tool of the Month: New 72-Tooth Round Head Ratchet

KENOSHA, Wis. – November 21, 2011 – If you are looking for a versatile and durable ratchet that works well in tight spaces and hard-to-get-at fasteners, then you need to add the new Snap-on® 1/4-inch drive 72-tooth round head ratchet (TKN72) to your tool box.

“Snap-on’s new 1/4-inch drive short round head ratchet should be found in every technician’s tool box,” said Mark Knapp, product manager for Snap-on. “The TKN72 is the perfect tool to access even the tightest spaces. You will notice an immediate difference in productivity and performance when you start using this ratchet.”

The Snap-on 1/4-inch drive round head ratchet (TKN72) features a compact head and short handle which provides great access in tight quarters. The 72-teeth provide a lower swing arc which means shorter movement between tooth engagements. The chrome handle makes it easy to clean.

Customers can find out more about Snap-on’s new 1/4-inch drive 72-tooth round head ratchet (TKN72) by contacting their participating Snap-on franchisee or representative, visiting www.snapon.com/handtools or by calling toll free 877-SNAPON-4 (877-762-7664).
