# Tool of the Month: New Snap-on 6-Piece Non-Marring Metric Socket Inserts

**KENOSHA, Wis. – April 11, 2013** – If a service technician avoids damaging one decorative component or fastener when using the new Snap-on® 6-Piece Non-Marring Metric Socket Inserts (PSCM600), these durable and versatile socket inserts will pay for themselves.

“Our new non-marring metric socket inserts are exclusive to Snap-on. They are the type of tools that technicians will see and instantly know they have a need,” said Bryan Hantke, product manager for Snap-on. “Most service techs will see an immediate improvement in performance and productivity when they invest in our new non-marring socket inserts.”

Designed for use with *Snap-on* metric sockets, the new *Snap-on* 6-Piece Non-Marring Metric Socket Inserts (PSCM600) offer many benefits, including:

- Tough glass-reinforced nylon for excellent strength, yet will not damage soft metals, plated fasteners or powder-coated surfaces
- Large lip makes insert removal easy
- Set covers most popular metric sizes and inserts are marked for easy identification
- Supplied on metal storage ring to avoid lost inserts or wasted time looking for them in tool cabinets, tool boxes, etc.

The new *Snap-on* 6-Piece Non-Marring Metric Socket Inserts (PSCM600) have a variety of uses including general automotive, decorative polished engine components, rims, door thresholds, motorcycles, boats and marine, trucks, bezels, grips and handles, step rails, exhaust and stack components, bumpers, gear shift plates, air cleaner canisters, front grills and manufacturing equipment.

Customers can learn more about the new *Snap-on* 6-Piece Non-Marring Metric Socket Inserts (PSCM600) by contacting their participating Snap-on franchisee or representative, visiting [www.snapon.com/handtools](http://www.snapon.com/handtools) or by calling toll free 877-SNAPON-4 (877-762-7664).
