Snap-on Classics: Creepers

KENOSHA, Wis. – September 29, 2011 – Setting the industry standard when it comes to performance and efficiency, Snap-on's line of standard (JCW60) and standard adjustable (JCW65) creepers are durable yet comfortable.

"Snap-on creepers should be an integral part of any service bay," said Mike DeKeuster, category manager for Snap-on. "We hear from our customers that Snap-on creepers make a difference when it comes to performance and productivity. Our standard and standard adjustable creepers have an industry-leading frame design with increased shoulder clearance and a thicker frame over other designs, while our standard seat and bucket seat creepers feature a drawer to keep tools, fasteners and parts handy."

The Snap-on standard (JCW60) and standard adjustable (JCW65) creepers are available in both black and red. The comfortable, rugged designs feature:

- High density 80-pound foam padding for maximum user comfort
- Large 11-inch by 39-inch pad to provide increased support
- Steel frame constructed from stronger 16 gauge, 3/4-inch square tubing
- Drop frame design allows greater shoulder clearance
- Low ground clearance for better access
- Six, oil resistant, ball bearing swivel casters

Available in black and red, Snap-on standard seat (JCW80) and bucket seat (JCW85) creepers feature:

- High density 80-pound foam padding for maximum user comfort
- Steel frame constructed from stronger 16 gauge, one-inch square tubing
- Four 2½-inch oil resistant, ball bearing swivel casters
- Plastic drawer is located 3½-inches from seat bottom, along with a lower tray, giving the user multiple storage options

Customers can find out more about Snap-on's complete line of creepers by contacting their participating Snap-on franchisee or representative, visiting www.snapon.com/shoptools or by calling toll free 877-SNAPON-4 (877-762-7664).
