# Snap-on Must Have Tool: Three Piece Cutters-Pliers Set

*Gripping, Cutting, Durability that Sets the Industry Standard*

**KENOSHA, Wis. – October 1, 2009** – Every technician should have them. Snap-on's three-piece Cutters-Pliers Set (PL300CF) is a must-have tool set for every technician who works on vehicles.

The Snap-on three-piece Cutter-Pliers Set (PL300CF) features:

## **Combination Pliers (47CF)**

- Talon Grip™ design for ultimate gripping and durability.
- Longer contoured handle for more comfort and better leverage.
- Diamond tip serrations provide a better grip for up to 57 percent more pulling power than our closest competitor in the angled pulling position.
- Three position adjustable joint gives more options and a wider jaw spread for those tough to get a hold of jobs.

## **Long Nose Pliers (96CF)**

- Talon Grip™ optimized handle shape is longer and contoured for more comfort and better leverage.
- Diamond serrated jaws for better grip - up to 57 percent increase in pulling power.
- Jaw tips are 26 percent stronger and ramped for better accessibility.

## **High Leverage Diagonal Cutter (87CF)**

- PowerEdge™ geometry for longer cutting life.
- More cutting surface close to the joint for power cuts.
- Slight gap close to the joint keeps the tips from wearing prematurely during power cuts, keeping them sharp for more delicate cutting.

"With a one-of-a-kind Talon Grip™ and innovative manufacturing, Snap-on's pliers are the industry standard for high performance and increased productivity," said Gary Petersen, product manager for Snap-on. "Snap-on's PowerEdge™ cutters make it easier and more comfortable to cut, and they have a longer tool life. The PL300CF is a must have. You can't go wrong with Snap-on's pliers and cutters."

Customers can find out more about the Snap-on three-piece Cutters-Pliers Set (PL300CF) by contacting their participating Snap-on franchisee, visiting [www.snapon.com](http://www.snapon.com) or by calling toll free 877-SNAPON-2 (877-762-7662).
