Time is Money

Snap-on Sockets Improve Efficiency, Bottom Line

KENOSHA, Wis. – May 3, 2011 – Time is money, so with every job you perform, you try to improve your efficiency and your profitability. These two Snap-on sockets, ITRS22 and SWR3, are designed to be productivity enhancers, allowing you to complete the job and move on to the next one more quickly.

“With every tool we develop, we want to help service technicians do their job better, easier and faster,” said Scott Amundson, product manager for Snap-on. “These two sockets are specifically designed to tackle time-consuming tough jobs. The bottom line is that when you save time on jobs, you can get more done and make more money.”

Snap-on Inner Tie Rod Bushing Socket (ITRS22)

- Job: Replace tire rod on 2004 Chrysler 300M
- Challenge: No room for conventional socket to get at the inner tie rod bolts
- Solution: Use Snap-on Inner Tie Rod Bushing Socket (ITRS22) with a RAF80 Low Profile 3/8-inch drive ratchet; saves time by making removal of the 7/8-inch or 22mm hex head bolts a breeze

Snap-on Water Sensor Socket for 2001-06 GM DuraMax Diesels (SWR3)

- Job: Remove and replace the water sensor without damage when changing the fuel filter on GM DuraMax Diesel
- Challenge: Water sensor is attached to the fuel filter and is easily damaged during replacement due to the use of water pump pliers and the lack of a special tool
- Solution: Snap-on Water Sensor Socket (SWR3) can save over 10 minutes and easily removes/replaces the water sensor without damage

Customers can find out more about these Snap-on innovative time-saving tools by contacting their participating Snap-on franchisee or representative, visiting www.snapon.com or by calling toll free 877-SNAPON-2 (877-762-7662).
