New Snap-on Rechargeable 7.2 Volt LED Work Light is a “Must Have” to Brighten Up Business

KENOSHA, Wis. – July 26, 2012 – Powerful, versatile, long-lasting and most importantly, bright, the new Snap-on® Rechargeable 7.2 Volt LED Work Light (CTL761) is a “must have” addition to any service bay or *Snap-on* tool storage unit.

“With its rechargeable 7.2 volt lithium battery, rotating head and four-hour run time, the new *Snap-on* Rechargeable 7.2 Volt LED Work Light is a practical addition to any Snap-on toolbox or work area,” said Rodger Isetts, product manager for Snap-on. “This extremely bright light will illuminate the entire engine compartment and is perfect for a mobile work station.”

Some of the features and benefits of the new *Snap-on* Rechargeable 7.2 Volt LED Work Light (CTL761) include:

- LED output of 200 lumen indicates a super bright light
- Low battery Red LED illuminates to inform when the battery needs to be recharged (Patent Pending)
- Four-hour run time provides bright light for ample working time in dark areas
- Fast battery recharge time in just 30 minutes
- Can be positioned multiple ways for many different applications
- Light head rotates 120 degrees
- Broad base allows light to stand upright
- Attach the included hook to hang the light from above
- Rear resting pad allows the light to lie on its back to prevent it from rolling
- Tempered glass lens resists breakage
- Glass-filled nylon housing resists automotive fluids
- Weight with battery pack: 0.8 pounds
- Single bulb LED with bulb life of 50,000 hours
- Aluminum head helps dissipate heat
- Battery and charger sold separately

Customers can learn more about the new *Snap-on* Rechargeable 7.2 Volt LED Work Light (CTL761), by contacting their participating Snap-on franchisee or representative, visiting www.snapon.com/powertools or by calling toll free 877-SNAPON-4 (877-762-7664).
