New Snap-on 18 Volt Lithium Cordless Impact Wrench Offers Ferocious Power and Monstrous Agility

KENOSHA, Wis. – July 30, 2013 – With a slender design, balanced ergonomic control and 230 ft. lbs. of torque output, the new Snap-on® 3/8-inch Drive 18 Volt Cordless Impact Wrench (CT8810) is the monster impact every service technician has been looking for.

“The beauty of the new Snap-on CT8810 is its incredible torque output of 230 ft. lbs. compared to about 110 ft. lbs. for most of the competitive units, plus it uses the same battery and charger as our full size 18 volt CT7850 impact,” said Rodger Isetts, product manager for Snap-on. “Because of its ergonomic design and soft grip handles, service technicians can use the CT8810 all day without getting fatigued.”

The new *Snap-on* 3/8-inch Drive 18 Volt Cordless Impact Wrench (CT8810) provides the flexibility of working cordless and has an 18 volt lithium battery with a digital fuel gauge and micro-controller to sense temperature and amperage, cutting off power to the motor before it can overheat. In addition, the CT8810 features:

- Integrated one watt LED light for excellent visibility
- High efficiency rare-earth magnet, four-brush motor for maximum durability
- 230-ft. lbs. of tightening torque and 325 ft. lbs. of bolt breakaway torque
- High capacity 54 watt-hour, 18 volt lithium battery for long run time
- Can remove 480 bolts tightened at 200 ft. lbs. on one battery charge
- Battery fuel gauge indicates the status of battery charge
- Alloy steel, heat treated, helical gears for maximum durability
- Micro-controlled digital switch with variable speed to protect from overheating
- Ergonomic design with soft grip handles to reduce user fatigue

Customers can learn more about the new *Snap-on* 3/8-inch Drive 18 Volt Cordless Impact Wrench (CT8810) by contacting their participating Snap-on franchisee or representative, visiting www.snapon.com/monsterimpact or by calling toll free 877-SNAPON-4 (877-762-7664).
