## **New Snap-on FLL80 Extra Long Ratchet Provides Increased Access and Leverage**

**KENOSHA, Wis. – May 8, 2013** – Hard-to-get-at areas on a vehicle just got a lot easier to reach with the introduction of the new Snap-on® Extra Long 3/8-inch Ratchet (FLL80).

“With seven extra inches, the FLL80 provides service technicians with more access and leverage to reach those challenging spots on vehicles,” said Mark Knapp, product manager for Snap-on. “This versatile extra long ratchet will make a positive impact on every repair, saving time and increasing productivity.”

The new *Snap-on* Extra Long 3/8-inch Ratchet (FLL80) includes the exclusive Snap-on Dual 80® ratchet design that features an 80-tooth gear with dual pawls. The dual pawls engage seven teeth with the gear at all times for improved performance and durability, and the sealed ratchet head keeps dirt out and lubrication in. The FLL80 is perfect for working on serpentine belts and is the ideal ratchet for hard-to-reach fasteners or tight access areas where a 1/2-inch drive ratchet will not fit.

Customers can learn more about the new *Snap-on* Extra Long 3/8-inch Ratchet (FLL80) by contacting their participating Snap-on franchisee or representative, visiting [www.snapon.com/handtools](http://www.snapon.com/handtools) or by calling toll free 877-SNAPON-4 (877-762-7664).
