Time is Money: Ball Joint Remover for Subaru Vehicles

KENOSHA, Wis. – January 24, 2013 – The new Snap-on® Ball Joint Remover (BJR1) for Subaru® vehicles makes removal of stubborn ball joints on select *Subaru* models a lot simpler, increasing productivity and saving time.

“With input from some of our customers, we developed the BJR1 to help technicians work more efficiently by making tough ball joint removal on Subaru vehicles quicker and easier,” said Mark Knapp, product manager for Snap-on. “The Snap-on BJR1, is a popular specialty tool because it helps techs beat the flat rate by getting the job done faster with less effort which can result in lower repair costs.”
