New Snap-on Automotive Service Tray: Perfect for Working Under Hood or Under Car

KENOSHA, Wis. – July 15, 2014 – Portable, convenient and easy to maneuver, the new Snap-on® SOSTPC Automotive Service Tray is designed to make life a lot easier for Snap-on customers. Whether working under the car or under the hood, users can load the tray up with the tools needed for the job. Keeping the necessary tools within reach eliminates wasted time digging through the toolbox.

“There is nothing like the Snap-on SOSTPC Automotive Service Tray available today,” said Roxanne Stowell, product manager for Snap-on. “Its unique design allows the tray to be positioned directly under the hood where needed, unlike a competitive product that has interference of a support post or storage box. The SOSTPC has a large bottom storage basket to hold tools for under vehicle work and is ideal when servicing small to full-size cars, mid-size SUVs and smaller light trucks.”

Some of the features and benefits of the new [Snap-on SOSTPC Automotive Service Tray](#) include:

- 25-inch leg clearance allows the tray to slide under the hood from the front or side of the vehicle so that the tray can be positioned directly where needed
- Height adjustable support post ranges from 36.5 to 48.6 inches
- Two-inch deep drawer and large open bottom basket for more tool storage
- Tray features built-in screwdriver holder and removable parts tray
- Bigger casters allow for easy transport to and from the job
- Wide bottom base ensures tray stability

Customers can find out more about the new *Snap-on* SOSTPC Automotive Service Tray by contacting their participating Snap-on franchisee or representative, visiting www.snapon.com/toolstorage or by calling toll free 877-SNAPON-4 (877-762-7664).

About Snap-on Tools

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks. Products and services include hand and power tools, tool storage, diagnostics software, information and management systems, shop equipment and other solutions for vehicle dealerships and repair centers, as well as for customers in industries, including aviation and aerospace, agriculture, construction, government and military, mining, natural resources, power generation and technical education. Snap-on Tools is one of the largest non-food franchise companies in the world, selling its products and services through franchisee, company-direct, distributor and Internet channels. Snap-on Incorporated, which was founded in 1920, is a \$3.1 billion, S&P 500 company located in Kenosha, Wis. with operations throughout the world. For additional information, visit www.snapon.com.
