## **New Snap-on 72-inch Masters Series Roll Cab Offers Power Tool Organizing Solutions**

**KENOSHA, Wis. – Dec. 16, 2014** – With a 12-inch deep drawer that holds eight power tools in an organized fashion, the new Snap-on® KRL1163 72-inch Master Series Roll Cab provides the perfect system for storing and securing *Snap-on* air and cordless power tools.

“Our new KRL1163 Roll Cab gives Snap-on customers the space and security they need to store their power tools in a systemized way,” said Scott Amundson, product manager for Snap-on. “Normally, service technicians use the middle bottom drawer for an assortment of power tools, making it difficult to find the right tool. With the KRL1163, Snap-on customers have a 12-inch power tool drawer featuring eight adjustable holders. Technicians will also know immediately upon opening the drawer if a power tool is missing. The KRL1163 is a great way to protect your power tools investment.”

Featuring the patented Lock-n-Roll® latch mechanism, which makes opening drawers easy while preventing drawers from drifting open, the new *Snap-on* KRL1163 72-inch Master Series Roll Cab also includes Iso-Ride® Casters, giving the KRL1163 a smooth ride around the shop while providing excellent weight capacity. In addition, the high-security tubular lock and collar create higher resistance to theft and vandalism.

Available in 12 colors, the *Snap-on* KRL1163 72-inch Master Series Roll Cab also offers fewer two-inch drawers and more four-inch drawers, allowing users the ability to store more items and larger tools. The extended cab also features a five-inch drawer that is ideal for vertical socket storage and a three-inch drawer that is perfect for long-handled tools like wrenches.

Customers can learn more about the new *Snap-on* KRL1163 Master Series Roll Cab by contacting their participating Snap-on franchisee or representative, visiting [www.snapon.com/toolstorage](http://www.snapon.com/toolstorage) or calling toll free 877-SNAPON-4 (877-762-7664).

### **About Snap-on Tools**

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks. Products and services include hand and power tools, tool storage, diagnostics software, information and management systems, shop equipment and other solutions for vehicle dealerships and repair centers, as well as for customers in industries, including aviation and aerospace, agriculture, construction, government and military, mining, natural resources, power generation and technical education. Snap-on Tools is one of the largest non-food franchise companies in the world, selling its products and services through franchisee, company-direct, distributor and Internet channels. Founded in 1920, Snap-on is a \$3.1 billion, S&P 500 company headquartered in Kenosha, Wisconsin. For additional information, visit [www.snapon.com](http://www.snapon.com).
