New Snap-on Diagnostics Accessories Catalog Now Available

LINCOLNSHIRE, Ill., Sept. 8, 2014 – The new Snap-on diagnostics accessories catalog contains all of the products that professional technicians need to make their diagnostic tools more powerful, to maximize capabilities, improve productivity and increase profits.

“For an automotive repair shop, their diagnostic tool is an investment in their business, so it’s important they get the absolute most out of it, each and every day,” said Mark Schaefer, director of marketing, Snap-on Diagnostics. “From a protective case or screen protector film, to adapters and software that enhance capabilities, to special components that personalize the tool to precisely the way they use it, the new diagnostics accessories catalog is loaded with items that help diagnostic tools do more, work harder and last longer.”

The new catalog includes accessories for diagnostic platforms including the VERUS® PRO, VERDICT®, MODIS™ Ultra, SOLUS Ultra®, Vantage Ultra™ and ETHOS® +, as well as accessories for scopes and meters. It also contains sections on storage and organization options, shop banners, and software and information including the latest diagnostic software bundle upgrade, European vehicle activation and ShopKey Pro®.

“Only Snap-on offers the breadth of diagnostic accessories that add this level of capability. It’s just another dimension of our exclusive Snap-on product support,” concluded Schaefer.

When technicians choose Snap-on diagnostic tools, they gain a long-term partner. Experienced Snap-on customer care representatives are available to provide support in English and Spanish on the customer care hotline at (800) 424-7226.

For more information about the new Snap-on diagnostic accessories catalog, talk to a Snap-on representative or visit <http://diagnostic.snapon.com>.
