## **Tool of the Month: 2-Piece 3/8-inch Drive Impact Swivel Extension Set**

**KENOSHA, Wis. – January 30, 2014** – The new Snap-on® Two-Piece 3/8-inch Drive Impact Swivel Extension Set (202IPFX) gives professional technicians superior access to fasteners that are difficult to reach straight on, such as transmission bolts, drive line bolts, exhaust manifold bolts and cylinder heads.

“Technicians are always looking for tools with the versatility and increased efficiency of our new 202IPFX extension set,” said Brian Woller, category manager for Snap-on. “One of its key innovative features is the laser welded pivot pin, which allows smooth, full 30-degree swivel action for efficient power transfer.”

The *Snap-on* 202IPFX can be used with any shallow, semi-deep, deep, six-point, 12-point, metric or SAE impact socket.

“Since competitive products feature a fixed-size socket at the end of the extension, a tech would need to buy a whole set for different sizes,” continued Woller. “The Snap-on 202IPFX set of two extensions is unique because it accommodates many different combinations of sockets and sizes, making it an excellent example of Snap-on product innovation.”

Customers can learn more about the *Snap-on* Two-Piece 3/8-inch Drive Impact Swivel Extension Set (202IPFX) by contacting their participating Snap-on franchisee or representative, visiting [www.snapon.com/handtools](http://www.snapon.com/handtools) or by calling toll free 877-SNAPON-4 (877-762-7664).

### **About Snap-on Tools**

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks. Products and services include hand and power tools, tool storage, diagnostics software, information and management systems, shop equipment and other solutions for vehicle dealerships and repair centers, as well as for customers in industries, including aviation and aerospace, agriculture, construction, government and military, mining, natural resources, power generation and technical education. Snap-on Tools is one of the largest non-food franchise companies in the world, selling its products and services through franchisee, company-direct, distributor and Internet channels. Snap-on Incorporated, which was founded in 1920, is a \$2.9 billion, S&P 500 company located in Kenosha, Wis. with operations throughout the world.
