## **Tool of the Month: 3/8-inch Drive Fuel Pressure Sensor Socket for GM Vehicles**

**KENOSHA, Wis. – March 6, 2014** – The removal of the fuel pressure sensors on GM® vehicles can be a challenge. Service technicians often attempt to remove them with pliers, which can easily damage the part. Utilizing a socket is a much faster and more efficient approach to removing the sensors. The new Snap-on® 3/8-inch Drive 27mm 6-point Fuel Pressure Sensor Socket (A227) is the perfect time-saving tool for this particular job.

On GM vehicles, access to the fuel sensors is restricted by the sensor connector and side air intake ports. The sensors could be damaged easily if the proper tool is not used. The new [Snap-on 3/8-inch Drive 27mm 6-point Fuel Pressure Sensor Socket \(A227\)](#) is thin walled and has a special broach depth to give service technicians better access to the fuel pressure sensor.

“Our goal with every Snap-on tool is to find effective ways to increase the productivity and efficiency of our customers so jobs don’t take up more of their time than they should,” said Scott Amundson, product manager for Snap-on. “Customer feedback we received helped us develop the new A227 socket. It is specifically designed to help technicians repair fuel pressure sensors on GM vehicles more quickly and easily than before.”

The *Snap-on 3/8-inch Drive 27mm 6-point Fuel Pressure Sensor Socket (A227)* removes GM fuel pressure sensors without difficulty on a number of 2007-2011 models, including the Cadillac® CTS® and STS®; the Buick® Allure®, Enclave® and LaCrosse®; and the Chevrolet® Camaro®, Cobalt®, HHR®, Traverse® and Acadia®.

Customers can find out more about the new *Snap-on 3/8-inch Drive 27mm 6-point Fuel Pressure Sensor Socket (A227)* by contacting their participating Snap-on franchisee or representative or by calling toll free 877-SNAPON-4 (877-762-7664).

### **About Snap-on Tools**

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks. Products and services include hand and power tools, tool storage, diagnostics software, information and management systems, shop equipment and other solutions for vehicle dealerships and repair centers, as well as for customers in industries, including aviation and aerospace, agriculture, construction, government and military, mining, natural resources, power generation and technical education. Snap-on Tools is one of the largest non-food franchise companies in the world, selling its products and services through franchisee, company-direct, distributor and Internet channels.
