Snap-on 16.2 Interactive Application Guide Now Available

LINCOLNSHIRE, IL, June 8, 2016 – With the new Snap-on® 16.2 Interactive Application Guide (IAG), customers can use their computer, iPad or tablet to view the magnitude of Snap-on software available with the latest upgrade. The complete guide can be downloaded and viewed at <http://diagnostics.snapon.com/IAG>.

“The Snap-on 16.2 Interactive Application Guide is a valuable resource that has everything technicians need to know about the latest software upgrade, as well as coverage from previous upgrades, in one place, right at their fingertips, just clicks away,” said Leian Wunderlich, program manager for Snap-on Diagnostics.

The [16.2 Interactive Application Guide](#) is divided into nine sections that include: video, the stats, subscription, application guide, personality keys, what’s new, vehicle makes, platform accessories and SureTrack®. To navigate the guide, technicians simply click on the section that they’d like to visit and then click on the ‘return to home’ button to get back to the main menu.

Standout features of the 16.2 Interactive Application Guide include, but are not limited to: specific coverage added for each make in the Snap-on software, Troubleshooter and Guided Component Test screen shot examples, details for Auto-ID/Code Scan/Clear All Codes, SureTrack and subscription information, accessory information for each platform and much more.

Software Upgrade 16.2 gives technicians confidence to handle any job that pulls into their bay. It offers access to 105,440 additional codes, tests, tips and data for vehicles as far back as 1997, as well as new 2015 domestic and Asian coverage for Acura®, Chrysler®, Dodge®, Ford®, Honda®, Hyundai®, Jeep®, Kia®, Lincoln®, Mitsubishi® and Ram®. The exclusive Fast-Track® Troubleshooter coverage goes all the way back to 1980 with 17,490 new tips and timesavers. The upgrade also includes 27,650 Guided Component Tests.

For more information, contact a participating Snap-on franchisee or other sales representative or visit <http://diagnostics.snapon.com>.
