## Limited Edition Snap-on 95<sup>th</sup> Anniversary Diagnostic Tools Now Available

*Get the Exclusive ETHOS Tech, SOLUS Edge or MODIS Ultra Before They're Gone*

**LINCOLNSHIRE, IL, Sept. 16, 2015** – Snap-on is now offering special 95<sup>th</sup> anniversary editions of the ETHOS<sup>®</sup> Tech, SOLUS<sup>™</sup> Edge and MODIS<sup>™</sup> Ultra scan tools, available while supplies last. These stylish diagnostic tools feature a 95<sup>th</sup> anniversary logo on the units' bottom bezel and includes a soft-sided 95<sup>th</sup> anniversary embroidered carrying case.

"The exclusive 95<sup>th</sup> anniversary editions of the ETHOS Tech, SOLUS Edge and MODIS Ultra are a great way for professional technicians to celebrate 95 years of Snap-on performance, quality and innovation, while getting a leg up on the competition," said Mark Schaefer, director of marketing, Snap-on Diagnostics. "We know these limited edition tools will be popular with our customers as a way for them to show their Snap-on loyalty and pride. Don't miss out on this great opportunity worth celebrating - be sure to get one of these special tools before they're gone."

The ETHOS Tech full-function scan tool comes with a complete support package that includes three years of software upgrades and a three year extended warranty. The program is designed to put affordable full-function diagnostics into the hands of technicians who want their own scan tool, instead of waiting for a shared shop tool. With sophisticated functionality, advanced graphing features and an intuitive user interface, SOLUS Edge comes fully integrated with the SureTrack<sup>®</sup> online resource to help technicians improve diagnostic accuracy and reduce repair time. MODIS Ultra is a multifunction tool for complete start to finish diagnostics that includes a fully integrated scan tool, lab scope, vehicle-specific communication software and expert information resources – all in one diagnostic tool.

To learn more about the limited edition 95<sup>th</sup> anniversary ETHOS Tech, SOLUS Edge or MODIS Ultra, talk to a Snap-on representative or visit <http://diagnostics.snapon.com>.
