With the New Snap-on Software Upgrade 15.4, It's What's Inside that Matters

LINCOLNSHIRE, IL, Oct. 5, 2015 – Since top technicians demand day one performance from their diagnostic tools every day, the all new Snap-on® Software Upgrade 15.4 provides the broadest coverage to help them see faults more clearly, make the fixes more quickly and be at their best always. The latest software upgrade covers 21 domestic, 15 Asian and optional coverage for 11 European makes.

“Out of the box and miles down the road, technicians that are outfitted with Snap-on diagnostic tools and the latest software upgrade, such as 15.4, are ready to take on any job that rolls in their bay with confidence,” said Mark Schaefer, director of marketing, Snap-on Diagnostics.

Software Upgrade 15.4 gives technicians access to over 105,380 new codes, tests, tips and data for model years 2000 to 2015 with the most extensive coverage outside the factory tool, including but not limited to:

- Ford Passive Anti-Theft System (PATS) Key Relearn
- Chrysler HVAC
- 38 new Ford 6.7L Engine Functional Tests
- Ford and Mazda Transmission
- GM (Buick) Left and Right Side Object Detection
- Mazda UDS Antilock Brake System (ABS)
- Mitsubishi Functional Tests
- Chrysler Air Suspension
- Chrysler Body Control Module (BCM) Configuration
- Honda Keyless Entry and Push Start
- Hyundai and Kia 4WD

It also features 2015 coverage for GM®, Infiniti®, Lexus®, Mazda®, Nissan®, Scion®, Subaru®, Suzuki® and Toyota®.

The exclusive Fast-Track® Troubleshooter coverage goes all the way back to 1980 with 29,200 new tips and timesavers. Plus, the new software offers 52,830 Guided Component Tests, such as training and tips for diesel emission systems, EVAP systems and body systems sub codes, and Guided Component Tests for hybrid electrical and enhanced body electrical systems in domestic, Asian and European models.

SureTrack® is integrated in all VERUS® family products, VERDICT® family products, MODIS™ Ultra and SOLUS™ Edge and comes with a current Snap-on Software Upgrade. This comprehensive source of expert knowledge combines diagnostic experience, repair timesavers and verified parts replacement records harvested from millions of successful repair orders to help technicians improve diagnostic accuracy and reduce repair time.

The Snap-on Software Subscription program helps technicians get through repairs quickly and accurately by continuously delivering high quality coverage and real-time access to information without having to think about it. Every new upgrade expands the technician's capabilities for late-model and older vehicles back to 1992, and helps them stay at their maximum earning potential. Not only does the subscription program offer lower weekly or monthly payments, but it rolls in SureTrack for eligible platforms at no additional charge.
