Snap-on Offers Special Edition SOLUS™ Edge

LINCOLNSHIRE, IL, Dec. 5, 2016 – Just in time for the holidays, Snap-on is offering a limited edition SOLUS™ Edge (EESC320EURSS) with a stainless steel style bezel and the latest European software, while supplies last.

“With the SOLUS Edge, professional technicians have an advantage in the repair shop and are ready for anything that comes their way,” said Mark Schaefer, director of marketing, Snap-on Diagnostics. “This special offer is sure to be on top of everyone’s wish list, so order before they’re gone.”

With sophisticated functionality, advanced graphing features and an intuitive user interface, SOLUS Edge comes fully integrated with the SureTrack® online resource to help technicians improve diagnostic accuracy and reduce repair time.

SureTrack is a comprehensive source of expert knowledge that combines diagnostic experience, repair timesavers and verified parts replacement records harvested from millions of successful repair orders. In addition to SureTrack, the SOLUS Edge comes with the exclusive Fast-Track® Troubleshooter, which puts millions of experience-based troubleshooting tips and timesavers right at the technician’s fingertips.

SOLUS Edge includes detailed trouble code definitions, live data, functional tests, relearns and adaptations with the ability to record all available live data parameters and graph any four on screen at once. It also features custom data lists, freeze-frame, PID sorting, pause, zoom PID trigger, snapshot and cursor functions, and comes with a USB port for PC connectivity so technicians can save, print and share using ShopStream Connect™ software. An embedded SMX® Operating System dedicated to diagnostic functions delivers fast and reliable operation.

To learn more about the special edition SOLUS Edge, talk to a Snap-on representative or visit <http://diagnostics.snapon.com>.
