Snap-on Receives Undercar Digest Top 10 Tools Awards for SOLUS Edge and ETHOS Tech

LINCOLNSHIRE, IL, Feb. 17, 2016 – Snap-on is pleased to announce it has received the prestigious *Undercar Digest* Top 10 Tools awards for its [SOLUS™ Edge](#) and its [ETHOS® Tech](#). These two Snap-on products were chosen by readers of *Undercar Digest*, which includes shop operators and technicians, who earn their living by being accurate and efficient when diagnosing and repairing today's vehicles.

"We would like to sincerely thank the shop operators and technicians for recognizing Snap-on as having two of the best products in the automotive industry," said Mark Schaefer, director of marketing, Snap-on Diagnostics. "Both our SOLUS Edge and ETHOS Tech diagnostic tools deliver the power and information that today's professional technicians need to make their repair jobs easier and more efficient."

SOLUS Edge combines sophisticated functionality, advanced graphing features, an intuitive user interface and customizable configuration. Technicians can complete the repair with comprehensive coverage for European, Asian and domestic vehicles, and integrated access to the exclusive [SureTrack®](#) online resource of expert knowledge that provides vehicle-specific Real Fixes and verified parts replacement data harvested from millions of successful repair orders.

ETHOS Tech is an affordable, full-function scan tool that includes all software upgrades in the purchase price, for three years. It offers OEM-specific coverage for dozens of systems on domestic, Asian and European vehicles, including codes, data, functional tests and bi-directional controls to verify diagnosis and repairs, plus relearns and adaptations to finish the job other tools only start.

Awards are given to the 10 entries in each category (products or tools) that draw the most votes from the readers. SOLUS Edge and ETHOS Tech will be displayed in a special exhibit at *Undercar Digest's* Auto TECH expo, April 7-9, 2016 in Covington, KY.
