

TOOL STORAGE

For as long as tool boxes have been painted red, Snap-on® units have been the overwhelming choice of demanding professionals.

That's because Snap-on tool chests, roll cabs, carts and accessories have been making technicians' jobs easier for nearly as long as we have been making the tools that people need to put away.

Today's selection of premium storage units from Snap-on represent the state of the art in engineering and building systems that make work more productive.

Our engineers use the latest computer-aided design systems. Our manufacturing processes deliver products that live up to the

expectations of the demanding engineers with tight tolerances through quality assembly.

Our paint and finishing systems are built to deliver the finest, most durable finishes available. And our rigorous testing procedures prove Snap-on storage units will live long, trouble free lives, even under tough conditions.

Snap-on top of the line Masters Series storage units offer professionals an astounding array of choices built on a variety of footprints so that every user can select the cabinetry, accessories, work surfaces and colors that personalize their work spaces for form and function.

Smooth riding ball bearing slides and secure "K" series locks are examples of the value built into Snap-on products.

Snap-on tests tool storage units on equipment that replicates years of wear and tear in a matter of hours. It's another way to insure our products last longer and perform better.

Our precision welding is performed by experienced people dedicated to building quality products.

Our impressive powdercoat paint system allows Snap-on to provide quality finishes in a variety of custom colors.

THE FOUNDATION THAT SERVES THE INDUSTRY.

Professionals know that being organized is key to being productive. Choosing the right combination of products to suit your work style and getting the maximum return on your tool storage investment leads more people to Snap-on than anywhere else. We engineer our roll cabs and tool chests to carry their loads better and longer. To prove our point we set this 21,000 lb. dump

truck on six Masters Series KRL1022 Roll Cabs. Even under these exceptional circumstances, the drawers worked smoothly.

You expect your tool boxes to perform under load for years. We build them to do just that.

MASTERS Series

YOU DIDN'T BUILD YOUR REPUTATION BY BEING SECOND BEST. NEITHER DID WE.

We have an obsession with quality. Every component is engineered to the most demanding standards. For the most demanding professionals. From the smooth ball bearing slides to the tough powder coat paint, Masters Series boxes are built to hold all your tools – while consistently holding up – year after year. Snap-on sets the standards with heavy duty construction, superior organization, and value.

Configure it to suit virtually any need. The Masters series starts with single bank models and includes double bank options, triple bank models, plus the Quad Cab, the 12' long Mr. Big and the race inspired Tool Utility Vehicle.

The Masters line features all the same quality construction features that you find on the Heritage and Classic models, plus these enhancements:

- ISO-RIDE™ casters provide unmatched strength and smoothness
- Widest variety of color choices
- 16 different drawer sizes for custom flexibility
- Multiple extra wide drawers
- Extended cab feature on select models (2 extra wide drawers)
- Premium, nonslip drawer liners
- Standing seam rolled top edge—for strength and security
- Premium, cushioned handle
- An extended variety of options for tops and accessories

IT PAYS TO GO WITH THE BEST

Unmatched performance and productivity. It's what makes a great technician. And a great tool box. And while others talk, we deliver. With the performance features that help you get the job done faster, better, more productively. The Masters Series boxes. Proving themselves every single day. Especially pay day.

KRL1065A ROLL CAB

It's twelve feet long.
The stainless steel top looks like an airport runway. It's Mr. Big, and it's not for everyone. But if you have the tools, and the space, you could be Mr. Big.
You have to see it to believe it.

WARNING

KRL1022A ROLL CAB

It looks traditional until you realize that the two top drawers are full width. This Custom unit is the one we put the Peterbilt dump truck on. Even under that load, those unrestricted drawers work fine.

SNAP-ON TOOL UTILITY VEHICLE

SNAP-ON TOOL UTILITY VEHICLE

TOOL UTILITY VEHICLE

The Snap-on® Tool Utility Vehicle is all about getting more mileage out of your tool investment, and doing it in style.

Consider the features, the dual lockers, the personal workcenter, the drawer package. It's all about having your tools where you need them and when you need them. But that's not the whole story.

Choose from eleven standard colors and an accessory package unlike anything else you've seen, some for show, and some for go.

The TUV is proof that functional workspace doesn't have to be boring. Check out the custom wheels, the heavy duty suspension, and the positive handle controlled braking. It's built to carry a load and look good in the process.

CLASSIC Series

The Snap-on® Classic Series is all about options and opportunities. Go wide and go deep. Go where your developing skills take you.

Following the foundation laid in the Heritage line, the Classic Series adds upgraded structural components and materials, more color choices, and more space. Bigger is better, starting with a depth of 24" and overall lengths up to 72".

The Classic Series has everything you would expect: triple bank models, double bank units, and single bank cab and chest combinations. When you look at the Roll Cab and Tool Chests available in the Snap-on Classic line and the ability to add workstation risers and overhead storage, you'll see products built without compromise, that return outstanding value for your investment.

CLASSIC Series

CLASSIC Series

Consider the quality construction and components in the Snap-on Classic line:

- Double wall construction with full height inner wall welded in place for strength
- Ball bearing drawer slides
- Lock 'N Roll® drawer retention feature
- 2" mounting centers for flexibility in arranging drawers
- Nine step pre-treat paint process
- Corner gusset design for strength and load carrying
- Seven color choices available
- Lifetime warranty on workmanship and materials

WARNING

HERITAGE Series

HERITAGE Series

The Snap-on® Heritage Series delivers value in proven designs and platforms. For years, our Heritage units have been the choice of professional technicians deciding to invest in a professional quality tool box. For value conscious buyers especially, the Heritage line offers the ability to get started on a budget and add components—building on roll cabs and adding drawer sections, tool chests, accessory cabinets and workcenter risers.

Heritage units include double wall construction, full height inner wall, ball bearing drawer slides, Lock 'N Roll® drawer retention, nine step pre-treat paint process, 2" mounting centers for flexibility in arranging drawers, corner gussets, and a lifetime warranty on materials and workmanship.

The Heritage line includes single bank, double bank and triple bank models.

In addition, the Heritage series features:

- Aluminum drawer trim
- High security locks
- Medium duty casters with impact absorbing wheels
- Gas assisted lifts in large top chests
- Expandable, flexible storage options
- Four color choices
- Cabinet depth 20" and up to 53" long

The Snap-on Heritage line has the deep roots and long term experience that its name implies, serving the needs of professional technicians for years.

TOOL STORAGE ROLL CARTS

KRSC31 Series Roll Carts

KRSC31 Tool Storage Roll Cart. Snap-on® designed and manufactured for durability. Deep (6.5"), locking top compartment can be used as secure overnight charging station and for storage of diagnostic equipment. Gas spring closure on lid for safe operation. Locking storage for 22 screwdrivers/prybars of various sizes. Drawers automatically lock when lid is closed. Standard three, 4" deep drawers may be refitted with optional 2" or 6" drawers in various combinations. Lock 'n Roll® feature keep drawers from accidentally opening while moving cart. Two steel stiffeners along the bottom of the cart for additional structural support. Round key lock can be keyed alike with other Snap-on storage units. Slots on the side of the unit accommodate a variety of storage accessories. 5" x 2" soft riding casters for smoother rolling. Uses nylon cover KACSC30PC (optional).

Casters 5" x 2" (2 standard, 2 locking)

Description:

- Auto locking mechanism locks drawers when lid is closed.
- Corner stiffeners for rigidity and strength.
- Drawers feature ball bearing slides for smooth movement.
- Plated fasteners resist corrosion and self locking nuts assure a rigid, secure assembly.
- Non-toxic mats in shelf, drawers & top compartment protect unit and keep tools from sliding.
- Four, 5" x 2" swivel casters with needle bearings & grease fittings assure smooth rolling over the long haul.
- Two locking casters keep the cart stationary.
- Gas Shocks.
- Quick Disconnect System for the gas shocks allows the lid to be turned over the back of the cart 270 degrees for full access to the cart from the front, back and sides.
- Locking support tabs add strength, increase load capacity and facilitate quick assembly.
- Made from heavy gauge steel for superior strength.
- New positive long cam lock.
- Retractable side work table.
- Protective rubber bumpers.

Plastic Boxes

Ideal for a wide range of storage needs. YA481 through YA484 are made of tough, injection molded plastic to ensure a precise fitting lid and durability. Top carrying handle, tension latches, tote tray, and padlock provision are also featured.

YA481 Plastic Box. 14 1/2" x 7 1/4" x 4 1/2".

YA482 Plastic Box. 16 1/2" x 8 1/4" x 6 1/2".

YA483 Plastic Box. 20 1/4" x 9" x 7 3/4".

YA484 Plastic Box. 23 1/8" x 10 1/4" x 10 1/2".

YA486 Plastic Box. 27 1/2" x 13 3/8" x 14".

YA402 Parts Storage Case. Interchangeable partitions allow customizing from 9 to 24 compartments. Rugged polypropylene construction. 14 5/8" x 10 3/4" x 2 5/16".

YA485 Parts Storage Case. Similar to YA402 except interchangeable partitions can form 8 to 32 compartments. 18" x 12" x 3".

KRP5CAB Five Drawer Storage Cabinet. Use to store or inventory small tools and parts. Black, heavy duty polypropylene cabinet with five removable drawers (KRP5PB). Each drawer features a patented, translucent plastic divider system that allows full customization for individual needs. Drawers are easily removable for transport to job location. Units can be stacked or wall mounted. Resistant to common solvents. Cabinet dimensions are 15 1/2" W x 14 1/2" D x 16" H.

KRP5PB Storage Drawer. Plastic storage drawer for KRP5CAB Parts Storage Cabinet. Each drawer features sixteen translucent section dividers for unlimited customizing options. Drawer measures 13 5/8" W x 9 5/8" D x 2 1/4" H.

Tool

Tool Organizers feature compartmented top trays for hand tools and part storage, V-groove in lid to hold pipes and dowels for sawing, and positive locking latches.

KRW200A will hold most rechargeable drills and other small power tools.

KRW300A will hold circular saws and other large items. Larger tote tray on KRW300A stores drills, extension cords, and other bulky items.

Adjustable shoulder strap on KRW300A only.

KRW200A Organizer. 16 1/4" x 10" x 12 1/2", 1,165 cu. in. (19,090 cm³) capacity.

KRW200GA Green version of KRW200A.

KRW2000A Orange version of KRW200A.

KRW300A Organizer. 20 3/4" x 13 1/2" x 16 3/4", 4,095 cu. in. (67,110 cm³) capacity.

Plastic Boxes with Steel Drawers (F.O.D. Design)

Portable tool chest designed specifically for Foreign Object Damage (F.O.D.) applications. Accepts both magnetic and foam tool control systems for tool accountability. 22 gauge steel drawers are interchangeable for custom configurations. Standard drawer configuration includes (4) drawers measuring 7 7/8" x 19 9/32" x 1 7/8" and (1) drawer measuring 7 7/8" x 19 9/32" x 4".

Molded polymer one piece design (handle, latches, strap pins, hinges, and lock clasp) minimizes potential loose pieces that could cause F.O.D. Molded recesses in outer case allow vertical and horizontal stacking. Padded carrying strap for extra comfort.

Capacity specifications listed are based on standard drawer configuration. 17 13/32" high, 24" wide, 10 5/32" deep; with capacities of 759 sq. in. and 1,760 cu. in. Weight 33 lbs.

Tote Trays

KTA3A Metal Tote Tray. Tubular pull-up handle lifts 1 5/8". Measures 20 1/4" x 8" x 3 1/4" with handle down.

KTA8PV Metal Tote Tray. Drops in any 14" wide (4" deep) drawers on KRL1000 and KRL700 Series Tool storage units. Four non-skid rubber feet protect finished surfaces from scratching. Raised lips hold tray securely in drawer. Tubular pull-up handle lifts 1 3/4". Measures 10" W x 14 13/16" L x 3 13/16" H with handle down. Black textured finish.

KRP1001A Plastic Tote Tray. Made of tough, rustproof, nonconductive, chemical resistant polymer. Includes two deep end pockets. Bottom drawer is divided into twelve compartments and can be opened from either side. 16 5/8" x 10 1/4" x 6 7/8".

Wall Cabinets

Snap-on® wall cabinets provide both security and inventory control. Wall cabinets can be mounted to wall, stationary bench, or roll cab. Ruggedly built of heavy gauge steel for durability. Theft resistant cylinder locks and a two point locking system provide protection for your tools. See your Snap-on representative for more information on our wide selection of tool control boards.

KRA276D Wall Cabinet. Features PLEXIGLAS® door panels to permit checking tool inventory without opening doors. Cabinet measures 33 7/8" x 24 3/4" x 6".

KRA2706KIT Tool Mounting Board Kit. Modifies Snap-on KRA276D Wall Cabinet into a versatile, secure tool control system. The 24" x 34" sheet metal tool control panel features the Slots-N-Dots™ configuration to deliver a wide variety of tool mounting options. Includes 48 assorted mounting clips for mounting ratchets, extensions, pliers, hammers and other hand tools. Other tool organization components from the Slots-N-Dots™ system like the KASR12PV Screwdriver Holder and KAT12PV/KAT18PV Spray Can Racks can also be used. Panel is pre-drilled for quick installation with included sheet metal screws.

Tool Storage Accessories Covers

The KAC Series of Storage Unit Covers can be used individually per unit or zipped together with the heavy duty nylon zipper to form a cover combination to match your tool storage combination. Magnets on the locker and end cab covers hold the door

flap open to allow entry to the unit without removing the cover itself. Covers are available for roll cabs, roll cabs with top chests, roll cabs with workstation risers/overheads, left and right side end cabs, and left and right side lockers.

Features:

- Heavy Duty Nylon Zippers
- Bright Silver Snap-on® Logo
- High Quality 200 Denier Nylon

Socket Holders with Posts

All sockets are easily visible. Each post is marked for correct socket size. Sockets are easily removed with one hand. Use for hand, power and impact sockets. High impact plastic resists oil and grease. Socket must have a through hole. Some smaller Snap-on® sockets manufactured before 1983 do not have through holes.

Stock No.	Color	Square Drive, inches	Stores Socket Sizes (deep and shallow)	Overall Dimensions, inches

MSR1

Magnetic Socket Rail

MSR1 Magnetic Socket Rail. Holds all drive sizes and types. Super strong neodymium-iron-boron magnets organize all drive size sockets at your fingertips. Magnetic force holds loaded rack to any flat ferrous surface such as under hood of car, side or top of tool box or bottom of tool drawer. Plastic coated rail helps prevent scratches to painted or polished surfaces. Vinyl handle grip for comfort. Overall Length of 16" (406.4mm). Length of magnet area is 10" (254mm).

YA438B

Moveable Peg Socket Rails

18" rails feature movable pegs to organize sockets. Pegs can be stacked for extra storage. Adhesive backed rail.

YA425B Socket Rail. 1/4" square drive (20 pegs).

YA438B Socket Rail. 3/8" square drive (18 pegs).

YA450B Socket Rail. 1/2" square drive (14 pegs).

A263A

BPTRYLAS

Lock-A-Socket Trays

BPTRYLAS Lock-A-Socket Tray. Holds a variety of drive sizes on one tray. Tray measures 8 3/4" x 20". Sockets are locked by turning to the right 90°, unlocked by turning to the left 90°. Eight clips are included for ratchets and other attachments. Rubber pegs are located underneath for surface grip and protection. Swivel handles included for easy carrying. Manufactured from 16 gauge powder coated steel for extra strength. Lock-a-socket posts are available separately and are interchangeable for customization.

MTSLAS50LP25 Lock-A-Socket Posts. 1/2" drive posts for BPTRYLAS. Pack of 25.

MTSLAS38LP25 Lock-A-Socket Posts. 3/8" drive posts for BPTRYLAS. Pack of 25.

MTSLAS25LP25 Lock-A-Socket Posts. 1/4" drive posts for BPTRYLAS. Pack of 25.

KMAGBIT37B

KMAGBIT37R

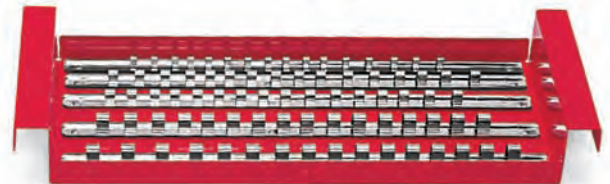

Magnetic Hex Bit Holders / Rubber Base

Magnetic base affixes to any ferrous metal without scratching surface. Bits will stay in holder even in upside down applications. Non-transferable magnetic material will not magnetize tools or damage on board automotive computers or other related circuitry. Resists most shop chemicals. Rubber base won't mar finishes. Bits are not included.

KMAGBIT37B Magnetic Hex Bit Holder. Holds 37 bits. Black.

KMAGBIT37O Magnetic Hex Bit Holder. Holds 37 bits. Orange.

KMAGBIT37R Magnetic Hex Bit Holder. Holds 37 bits. Red.

KTA500

Multi-Row Socket Trays

A262A Socket Holder. Steel panel units have socket rails attached and a carrying handle. 3 row organizer measures 14 1/2" x 4 13/16". U.S. Patent No. 5,284,245 applies.

A263A Socket Holder. Steel panel units have socket rails attached and a carrying handle. Fits in top, below pallet. For square drive tools to 4" deep. Holds four 10 3/8" rows and two 3 1/2" rows of sockets. 5 row organizer measures 10 1/8" x 8 1/4". U.S. Patent No. 5,284,245 applies.

A284A Socket Holder. Steel panel units have socket rails attached and a carrying handle. 6 row organizer measures 14 1/2" x 10 1/8". U.S. Patent No. 5,284,245 applies.

A286A Socket Holder. Steel panel units have socket rails attached and a carrying handle. 7 row organizer measures 14 1/2" x 11 7/16". U.S. Patent No. 5,284,245 applies.

A288A Socket Holder. Steel panel units have socket rails attached and carrying handles. 10 row organizer measures 14 1/2" x 17 3/16". Two handles. U.S. Patent No. 5,284,245 applies.

KTA500 Multi-Row Socket Tray. Holds up to 80 sockets in 1/4", 3/8", and 1/2" drive sizes. Features one rail with (16) 1/4" drive clips, two rails with (16) 3/8" drive clips each and two rails with (16) 1/2" drive clips each. Aligns sockets for fast, easy selection. Use on roll carts and will fit into most roll cab/tool chest drawers. Overall length of 20". Tray length of 17 1/2" x 7 9/16" width x 2 1/2" depth. Made of heavy gauge steel.

YA38HTD

Socket Driver Tray

YA38HTD Socket Driver Tray. Organizes the most commonly used 3/8" drive hex and TORX® socket drivers. Use only with chrome hand socket drivers. Sizes are clearly indicated on the holder. Stores fractional hex drivers in 1/8" to 3/8" range (1/8", 9/64", 5/32", 3/16", 7/32", 1/4", 5/16" and 3/8"), metric hex drivers in 4 to 10mm range (4, 5, 6, 7, 8, 9 and 10mm) and TORX® drivers from T27 to T60 sizes (T27, T30, T40, T45, T47, T50, T55 and T60). Three (3) open pockets for additional sockets. Overall dimensions of 9.25" x 3.31" x 0.62" (235 x 84 x 16mm). Made of durable, lightweight ABS plastic.

YA381SG12

YA389SG12

Soft Grip Wrench Racks

Patented design holds wrench securely yet provides quick and easy release. Easily stores and organizes wrenches. Fits all 2" deep drawers in Snap-on® tool storage units. Mounting holes align with the Slots-N-Dots™ system on Snap-on® workstation riser units. Molded handle allows easy transport of loaded rack. Red and grey color schemes allow user to easily differentiate fractional from metric sizes. Racks may be trimmed for use with smaller wrench sets. Flexible plastic material will not corrode or mar wrench finish. Available in standard and reverse styles for convenient side-by-side mounting in tool drawers. U.S. Patent 5,638,964 applies.

Standard configuration (Red):

YA381SG8 Soft Grip Wrench Organizer. Holds up to 8 wrenches.

YA381SG12 Soft Grip Wrench Organizer. Holds up to 12 wrenches.

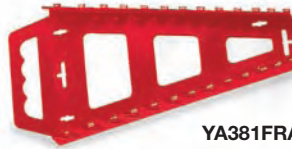

YA381SG15 Soft Grip Wrench Organizer. Holds up to 15 wrenches.

Reverse configuration (Grey):

YA389SG8 Soft Grip Wrench Organizer. Holds up to 8 wrenches.

YA389SG12 Soft Grip Wrench Organizer. Holds up to 12 wrenches.

YA389SG15 Soft Grip Wrench Organizer. Holds up to 15 wrenches.

YA381FRA

YA389BL

YAB381

Wrench Racks

Specifically designed to hold up to 13 Snap-on® wrenches from 7 to 19mm sizes. Wrench size is clearly visible on rack. Fits 2" deep KRL drawers and most 2" deep KRA drawers. Retaining tabs for convenient vertical mounting or carrying.

YA381FRA Wrench Rack. Red, holds 1/4" to 1" sizes.

YA381MET Wrench Rack. Grey, holds 7 to 19mm sizes.

Wrench Organizers. Hold up to 12 wrenches. The wrench holding tabs on the YA389 Series are the reverse of the YA381 Series so two or more sets can be stored side by side with all wrenches facing forward. 6 1/4" x 2 1/2" x 9 1/2" long.

YA381 Wrench Organizer. Red.

YA381BL Wrench Organizer. Black.

YA389 Wrench Organizer. Red.

YA389BL Wrench Organizer. Black.

YAB381 Wrench Rack Retainer. Plastic bar with foam insert that clips over the wrenches in a YA381 or YA389 Series Wrench Rack.

Magnetic Trays and Dishes

MRB5 Magnetic Bowl. Round stainless steel dish features powerful mounting magnet. Securely holds small parts and tools. 5 3/8" ID.

MRB10 Magnetic Tray. Rectangular magnetic tray holds metal parts and small tools. Magnetically attaches to any flat iron or steel surface. Measures 9 1/2" x 5 1/2".

MRB12 Magnetic Tray. Rectangular magnetic tray holds metal parts and small tools. Magnetically attaches to any flat iron or steel surface. Features three 3 1/8" diameter magnets that are rubber coated to prevent scratching. Measures 6 5/16" x 14 7/32".

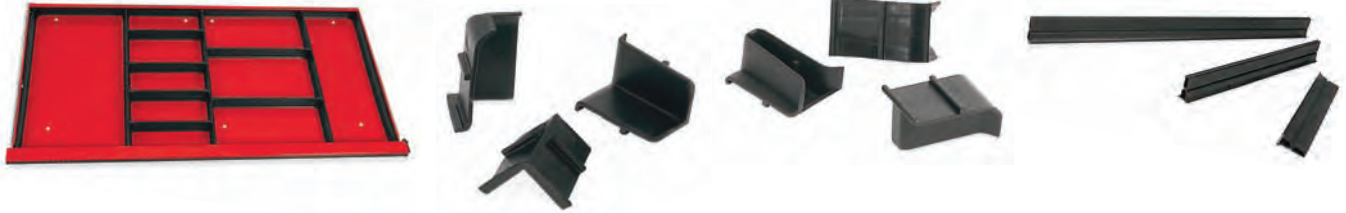

MRPB10MP5 Magnetic Dish (5 pack). Each tray measures 1 1/8" deep x 9 1/2" long x 5 1/2" wide (28.4 x 239 x 140mm). Molded plastic design coupled with rubber base helps prevent damage to vehicle finish. Fully magnetized to hold contents and adhere to ferrous surfaces. Use upside down or on the side of the vehicle. Each tray weighs 1.4 lbs. (0.63 kg). Package of 5 trays includes one tray each in the following high visibility colors: red, orange, green, yellow and blue.

MRB4A Mini Magnetic Bowl. Use to store fasteners during disassembly. Stainless steel dish resists corrosion. Fully magnetized to hold contents and adhere to ferrous surface. Use upside down or on the side of vehicle. Rubber base helps prevent scratching finish. Diameter is 4.25" (108mm). Height is 1" (25.4mm). Weight is 8 oz. (227 grams).

JCM12 Magnetic Tool Caddy. Keeps tools, parts and fasteners within easy reach especially when using a creeper. Magnet keeps items in fixed position. Handles facilitate carrying and fold out of the way when not in use. Three swivel casters for smooth rolling. Polished stainless steel construction looks good and resists corrosion. Diameter: 13.00" (330.2mm). Height (with handles lowered): 3.00" (76.2mm). Casters: 1.50" x 0.62" (38.1 x 15.9mm).

MRB15 Magnetic Tool Tray. Keep tools or parts within easy reach with this magnetic tray. Stainless steel with four large rubber based magnets on the bottom to resist scratching. 11 5/8"L x 10 3/4"W x 1/2"D.

Drawer Organization **Tool Storage Accessories**

Plastic Drawer Dividers / 2" Drawer Height

ALL SETS (except KDDU2) - Each set is designed to fit specific KRA and KRL drawers. Set includes four pre-cut perimeter rails that fit along the inside wall of drawers, four corner clips to attach perimeter rails to each other and an assortment of pre-cut adjustable divider rails and divider clips that match the size of the specified drawer. KDDU2 SET ONLY - Universal set that fits any Snap-on® tool storage drawer. Rails can be cut to desired length.

KDD4-20 Drawer Divider Rail Clips. Rail divider clips for 4" high drawers. Use to attach divider rails to perimeter rails or to other divider rails. Pack of 20.

KDD4L-2 Drawer Divider Rail. 35" long universal drawer divider rails for 4" high drawers. Can be cut to any length to fit any drawer storage need. Pack of 2.

KDDU4 Drawer Divider Set. Set includes perimeter rails that fit along the inside wall of drawers, four corner clips to attach perimeter rails to each other, and an assortment of adjustable divider rails and divider clips that fit any Snap-on® tool storage drawer. All rails must be cut to desired length.

KDDP4 Perimeter Rail Set. 35" Rails (4 each) and Corner Clips (4 each).

SPP804-2

Parts Tray Drawer Inserts

SPP804-1 Parts Tray. 14 compartments. Lightweight but tough reinforced polymer construction. Each compartment has an area for labeling, if desired. Use in tool drawers or cart to organize fasteners, clips, etc. Fits into a 2" narrow drawer, such as on KRL722, KRA2411, KRA2418 models. 1 5/16" H x 14 9/16" W x 21 7/16" D.

SPP804-2 Parts Tray. 35 compartments. Lightweight but tough reinforced polymer construction. Each compartment has an area for labeling, if desired. Use in tool drawers or cart to organize fasteners, clips, etc. Fits into a 2" narrow drawer, such as on KRL722, KRA2411, KRA2418 models. 1 5/16" H x 14 9/16" W x 21 7/16" D.

KRA17B

Plastic Drawer Dividers

KRA17B Drawer Divider. Partition drawers by cutting divider to desired length. Attach to drawer with foam backing. 24" long.

KRA27A Drawer Divider. Partition drawers by cutting divider to desired length. Attach to drawer with foam backing. 31" long.

Tool Storage Accessories Workcenter Accessories

Workcenter Accessories

Use these quality accessories to enhance the organization and storage capabilities of the KRL7000 Workstation Series. All accessories designed to work with the Slots-N-Dots™ Mounting System.

Looped Tool Organizer. Loops hold screwdrivers, extensions, ratchets, pliers and other small hand tools.

- YA3086A 6" long.
- YA3089A 9" long.
- YA3123A 12" long.
- YA3182A 17 1/2" long.

KAT12PV Spray Can Rack (12"). Holds 3 to 4 spray cans. 12" long.

KAT18PV Spray Can Rack (18"). Holds 5 to 6 spray cans. 18" long.

KASR12PV Screwdriver Rack. Holds up to seven screwdrivers or other tools. 12" long.

KALR12PV Literature Bin. Stores manuals, magazines, papers and other printed materials. 12" deep.

KAHR12PV Hammer Rack. Holds 3 hammers. Two racks mounted end-to-end will hold 7 hammers total. Each rack is 12" long.

KAMS18PV Shop Manual Stand. Shop manual stand with page holder. 18" wide.

KAS12PV Flat Utility Shelf. 12" wide shelf for miscellaneous items.

KAFL148 Workstation Light. Light fits the KRL7972 and KRL7954 Series of Personal Work Center Risers. Light turns on when door opens and off when the door is closed.

KAFL148 Task Light. Screw mounts under the top riser/shelf of workstation. Uses standard 40 watt fluorescent bulb (bulb not included) and 6' cord.

ECU4250A (120VAC) 15 Watt Fluorescent. Resists grease, oil and vapors. Not immersible. Plug in ballast, light reflectors, hanging hook, and 3 conductor extension cord included. Floating, molded nylon sockets absorb shock for longer bulb life. UL/CUL Listed.

ECU44255A Magnetic Utility Light Clamp. Features an expandable clamp on a magnetic base. Can be used with any of our fluorescent utility lights (except ECU410).

ECU48181 One piece 23" Magnetic Light. 17" tube (blue).

ECU48182 One piece 23" Magnetic Light. 17" tube (red).

ECU48183 One piece 23" Magnetic Light. 17" tube (green).

ECU48201 Two piece 23" Magnetic Light. Two 17" tubes (blue).

ECU48202 Two piece 23" Magnetic Light. Two 17" tubes (red).

ECU48203 Two piece 23" Magnetic Light. Two 17" tubes (green).

KTA8PV Tote Tray. Drops in any 14" wide (4" deep) drawers on KRL1000 and KRL700 Series Tool storage units. Four non-skid rubber feet protect finished surfaces from scratching. Raised lips hold tray securely in drawer. Tubular pull up handle lifts 1 3/4". Measures 10" W x 14 13/16" L x 3 13/16" H with handle down. Black textured finish.

Shelves, Trays and Racks

KRA412D Folding Shelf. Fits all KRA tool storage units. Bracket slips over raised lip of roll cab. Shelf is hinged to bracket, which has drilled mounting holes. Full length piano hinge. Folds down when not in use. 18 1/4" x 18" x 1/4" rim. Red.

KRA412DPC Folding Shelf. Same as KRA412D except black.

KRA412DPCM Folding Shelf. Same as KRA412D except blue.

KRA412DPJK Folding Shelf (Electric Orange). Same as KRA412D except Electric Orange.

KRA16APV Valve Rack. Sixteen 11/16" holes provide easy access to valves. Hang on roll cab or tool chest with 1/4" or more lip. This handy unit hooks over the lip of any Snap-on® roll cab. Black textured finish.

KR294APV Prybar Rack. Hang up to 4 prybars or long tools with handles. Notched angle plate keeps tools from shifting. Suspend from roll cab or tool chest with 1/4" or more lip. Black textured finish.

KR14 Screwdriver Rack. Keeps frequently used screwdrivers accessible.

KR10APV Literature Bin. Store instructions, specifications, and other important literature. Black textured finish.

KRJC23APV Creeper Hanger. Secures creepers to roll cabs. Hanger hooks over lip of roll cab and screws down. Adjustable to four different creeper widths. Two hook bolts and a lock rod are included so creeper can be padlocked (padlock not included). U.S. Patent 5,407,170 applies. 16 13/16" length. Black textured finish.

Hang-on Parts Tray. Organize small parts or spray cans. Hang on roll cabs or tool chest with 1/4" or more lip. Also for use in drawers as storage trays.

KRA20 Measures 25" x 3" x 2 1/4".

KRA19 Measures 15" x 3" x 2 1/4".

Sliding Trays. Provide additional work or storage surface.

663X36PV Sliding Tray. Fits KR661/KRL661.

Measures 10 3/4" W x 6" D x 1 1/8" H.

761XL36PV Sliding Tray. Fits KRL761A, KRL100A1, and KRL1003A.

Measures 29 7/8" W x 6" D x 1 1/8" H.

1000X36PV Fits KR656, KR661/KRL661, KR761, KR1001, and KR1003.

Measures 30 5/16" W x 6" D x 1 1/8" H.

1001XL36PV Fits KRL761A, KRL1001A, and KRL1003A.

Measures 14 1/8" W x 6" D x 1 1/8" H.

1003X36PV Fits KR761, KR1001, and KR1003.

Measures 14 5/8" W x 6" D x 1 1/8" H.

KR295 End Cab. End cabs offers 28 holes in various diameters for safe and secure storage of prybars and other long tools. Hole specifications; 8 holes (5/8"), 10 holes (3/4"), 4 holes (7/8"), 4 holes (1"), and 2 holes (1 1/4").

KR295PV Black textured finish.

KR295

Miscellaneous Accessories **Tool Storage Accessories**

KRBL4

Locking Bars

Serve as a secondary locking system when ultimate protection is called for. Padlock must be purchased separately. Hardware included.

KRBL2 Lock Bar. 32" long. For use on KRL722, KRA2411, KRA2418.

KRBL4 Lock Bar. 36 13/32". For use on KRL1022 and KRL1023.

KRABL2 Lock Bar. 32" long. For use on all KRA Series Roll Cabs except KRA2400 series.

Padlocks

Master Padlocks. Brass cylinders, nickel/silver pin tumblers, and brass locking levers for maximum locking protection.

ML1A Padlock. 1 3/4" steel case, 5/16" diameter.

ML3A Padlock. 1 1/2" steel case, 9/32" diameter.

ML7A Padlock. 1 1/4" steel case, 3/16" diameter.

ML1504DA Combination Padlock. Case hardened 9/32" steel shackle offers protection against cutting and sawing. Secure 3 digit combination. Automatic locking lever.

TB10A

TB20A

Tote Bags

Rugged, versatile tote bags are constructed from heavy duty 600 x 300D polyester. Water resistant PVC backing. Reinforced top hem. Wide top opening for easy access. Padded handles and shoulder strap. Embroidered logos.

TB10A Collapsible Tote Bag. Folds flat for convenient storage using Velcro® with metal snap corner closures. Multiple interior and exterior pockets. Fold down interior bin dividers. Molded plastic bottom for strength. Overall dimensions: 18" x 8" x 9" (457.2 x 203.2 x 228.6mm).

TB20A Tote Bag. Multiple interior and exterior pockets. Removable plastic parts storage bin accessed via lower side storage pocket. Overall dimensions: 15" x 10.5" x 12" (381.0 x 266.7 x 304.8mm).

CTTOTE

BPTOTE

CTTOTE Tote Bag. Wide opening for easy access to tools. Extra padding to protect tools. Durable 600 Denier outside for strength. Interior pockets and compartments for tool organization. Padded handles for comfortable transport. Reinforced bottom for strength. 6 external pockets for extra storage. Approximate inside bag dimensions, open: 18"L x 8"W x 11.5"D (457 x 203 x 292mm). EU - GB.

BPTOTE Tote Bag. Rugged and versatile. Constructed from heavy duty 600 x 300D polyester. Water resistant. Embroidered Blue-Point® logo. Wide top opening for easy access. Multiple interior and external pockets for tool organization. Overall dimensions: 16 1/2"L x 10 1/2"W x 12 1/4"H.

KASS13

Step Stool

KASS13 Step Stool/Seat. Versatile step stool, seat, and storage unit all in one. Holds up to 305 lbs. and has non-skid rubber grommets for stability. Large interior storage capacity with built in tote tray. Has a handle for mobility that folds flat when used as a stool. 13" H x 22" W x 15" D.

Floor Lock Kits

For roll cabs that require better roll cab immobilization.

KRFL1A Floor Lock Kit. For KRL761A. Fixed height: 7 7/8" O.L. Collapsed height: 6 1/4". Caster height: 7 1/4".

KRFL2A Adjustable Floor Lock Kit. For KR1001 and KRL1001A. Adjustable height: 7 13/16" to 8 13/16" O.L. Collapsed height: 7" to 8". Caster height: 8 1/2".

KRFL3A Adjustable Floor Lock Kit. For KR1003 and KRL1003A. Adjustable height: 9 1/8" to 10 1/8" O.L. Collapsed height: 8 5/16" to 9 5/16". Caster height: 9".

KRFL2A

Accessory Box

KRA444A Accessory Box. Lockable box mounts inside roll cab or tool chest for protection of valuables. 8 1/4" x 4 3/4" x 1 1/4". Requires 2" minimum drawer depth.

K1LA

Lock Assemblies

High security tubular tool storage locks with rotating collars are harder to pick and are more resistant to vandalism. Key alike any number of Snap-on® tool storage units. Older units can be converted to this new style lock. Each lock has an individual combination. Lock kits include mounting nut and lock washer.

Tubular Lock Assemblies:

- K1LA** One lock assembly with two keys.
- K2LA** Two keyed alike lock assemblies with two keys.
- K3LA** Three keyed alike lock assemblies with two keys.
- K4LA** Four keyed alike lock assemblies with two keys.
- K5LA** Five keyed alike lock assemblies with two keys.
- K6LA** Six keyed alike lock assemblies with two keys.
- K7LA** Seven keyed alike lock assemblies with two keys.

Heavy Duty Brass Replacement Locks

KHLA Brass Lock Features

- Can be used to replace all Snap-on® round key (K-Series) locks
- Replace standard locks subject to abnormal usage, exposure to shop fluids or extreme temperature and humidity fluctuations
- Ideal for multi-shift/user situations
- Hard brass cylinder plug for a longer life cycle
- Highly finished brass cylinder plug for smoother operation
- More secure retention in the tool storage unit
- Tested to operate smoothly over 25,000 cycles
- 200 different cylinder plugs available as replacement items

- K1HLA** One lock assembly with two keys.
- K2HLA** Two keyed alike lock assemblies with two keys.
- K3HLA** Three keyed alike lock assemblies with two keys.
- K4HLA** Four keyed alike lock assemblies with two keys.
- K5HLA** Five keyed alike lock assemblies with two keys.
- K6HLA** Six keyed alike lock assemblies with two keys.
- K7HLA** Seven keyed alike lock assemblies with two keys.
